BACKGROUND:
The Selma Fire Department, along with the City Finance Department, must process every bill generated by business inspections, false alarms, first responder fees, etc. We have been using American Ambulance to bill for our ambulance service since 2005. American Ambulance does not possess the ability to bill for anything but ambulance runs. Working with Finance over the last year it became apparent that we needed to look for a better way to capture our revenue streams and provide a quicker turnaround time in bill processing.

DISCUSSION:
Fire and Ambulance billing is a dynamic and complex process. The City of Selma Fire Department can bill for not only ambulance, but inspections, false alarms and first responder fees. After an internal audit we discovered that we need to bundle these fees into one stop shop approach. Fire Recovery is that one stop shop. This will allow us to move our current billing practices into the age of electronic billing and allow the customer to use online billing computer based inspection programs, and keep us up to date in the latest trends for ambulance billing. This will also decrease work load in our finance department given the fact that all billing will be handled by Fire Recovery.

FISCAL IMPACT:
The Fire Department should see that insurance payments for pre-hospital emergency medical services will be approved and not denied by health insurance programs including Medicare. A more user friendly billing program for fire fees should result in quicker payments. It is difficult, if not impossible, to predict the exact amount of revenue that is anticipated because of the multitude of insurances and what each explanation of benefit considers reimbursable. However, with this streamlined billing that is in line with current industry standards it is assumed that this will affect reimbursements for services positively.

ALTERNATIVES:
Do not accept the proposed new billing service, in which case staff will work with American ambulance billers and Finance to provide the most efficient billing possible.
ACTIONS FOLLOWING APPROVAL:

Concurrent with the Fire Department’s change in Ambulance rates. We will work with Fire Recovery to implement these programs as quickly as possible.

RESOLUTION NO. 2014 –

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SELMA
AUTHORIZING AGREEMENT FOR AMBULANCE BILLING

WHEREAS, the City of Selma operates an ambulance service and provided Emergency Medical Services to the community; and

WHEREAS, the billing for this service is a vital component of the Ambulance Service being provided to the citizens of the community; and

WHEREAS, the City of Selma desires to utilize the most effective and efficient means available for providing this service; and

WHEREAS, on behalf of the citizens of Selma it is important to reduce expenditures whenever possible while maintaining the high level of service expected.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Selma that the City Manager be authorized and directed to enter into an agreement for Ambulance Billing Service with Fire Recovery USA, LLC.

CITY MANAGER’S/STAFF’S REPORT
CITY COUNCIL MEETING: November 17, 2014

ITEM NO: 1.D.

SUBJECT: Amending of the Fire Department’s Ambulance Fee Schedule

BACKGROUND:

In January of 2010 the City Council approved fees, which outlined the fees for emergency medical services provided by the Fire Department. The fee schedule change at that time was to bring the fees charged by the Fire Department in line with then current Center for Medicare Services (CMS) standards. Since 2010 the fees have remain unadjusted despite changes in the guidelines from the CMS. The Fire Department is proposing to bundle and adjust the Ambulance Fees that have been set forth and approved by the Selma City Council. This action is a result of guidelines set forth by Center for Medicare Services, Medicare Processing Claims Manual, Section 20.1.1 – General (Rev. 1696). These guidelines establish what is permissible for billing and what is not permitted. Included in these new guidelines is the bundling of fees previously accounted separately, plus the cost associated with an extra attendant when medically necessary. With a new fee schedule this inefficient and outdated practice will be eliminated. The Fire Department participates yearly in an Ambulance Fee Survey completed by the Central California EMS Agency and the Fire Department’s current fees are among the average fees for prehospital emergency medical services within the Fresno, Kings, Madera and Tulare county region. The proposed bundled fee schedule continues to keep those fees at an average rate among the four counties.

DISCUSSION:

In the course of reviewing our ambulance billing practices and working with our new biller we have discovered that several inefficiencies exist in our current ambulance fee structure. The current fee schedule has not been reviewed or adjusted since 2010 despite changes from the Center for Medicare Services. Ambulance billing is a dynamic and complex process and the review and adjustment of the Fire Department’s ambulance fees to meet the requirements of insurance companies, both public and private, require updating to current industry standards.

REASON FOR RECOMMENDATION:

Current fees for the delivery of prehospital emergency medical services are not in line with current guidelines with the Center for Medicare Services. Due to the outdated practices of this fee schedule our ambulance billing company may have significant challenges billing health insurances, both public and private.
FISCAL IMPACT:

The Fire Department should see that insurance payments for prehospital emergency medical services will be approved and not denied by health insurance programs including Medicare with the proposed fee schedule. It is difficult, if not impossible, to predict the exact amount of revenue that is anticipated with the proposed fee schedule because of the multitude of insurances and what each explanation of benefit considers reimbursable. However, with this streamlined fee schedule that is in line with current industry standards it is assumed that this will affect reimbursements for services positively.

ALTERNATIVES:

Do not accept the proposed fee schedule, in which case staff will work with ambulance billers to produce the most efficient billing schedule possible.

ACTIONS FOLLOWING APPROVAL:

After approval the new fee schedule will be implemented. Concurrent with the Fire Department’s move to the new ambulance biller.

RESOLUTION NO. 2014- 

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SELMA 
AMENDING AMBULANCE FEES AND SERVICE CHARGES FOR 
EMERGENCY MEDICAL SERVICES AND ADOPTING BILLING PROCEDURES

WHEREAS, the City of Selma, pursuant to the Emergency Medical Services Agreement, hereinafter "EMS Agreement," between the City of Selma and the County of Fresno, has established and is providing Ambulance and Emergency Medical Services within the City of Selma and County Ambulance Zone G. of the proposed Executive Order attached hereto and incorporated herein by reference; and

WHEREAS, the rates and charges for Ambulance and Emergency Medical Services provided by City will hereafter be set consistent with the procedures set forth in Selma City user fees.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Selma as follows:

1. the Selma Fire Department shall provide ambulance and emergency medical services within the City of Selma and Fresno County Zone G consistent with the EMS Agreement.

2. The Selma Fire Department shall respond to calls for emergency medical and ambulance services within the boundaries described above or as dictated by the EMS Agreement. The Selma City ambulance shall deliver emergency patients to regularly organized emergency hospitals in the Selma-Fresno area or to such private or public medical facilities as may be required for the proper care of the patient. Such private facilities shall include private hospitals or doctors' offices.

3. The rates be charged for ambulance and emergency medical services shall be as set forth in the attached fee schedule.

4. The Selma Fire Department shall maintain an agreement with the County of Fresno to provide pre-hospital emergency medical services including ambulance transport services. The County agrees to reimburse the Selma Fire Department for appropriate non-transport (dry runs) and uncollectible transports. Selma Fire Department will follow procedures as outlined in Central California EMS Agency Policy 205.
5. When a private individual requests an ambulance for themselves or members of their household and service is provided but the patient does not want transport to the hospital, the treat, non-transport charge shall be billed to the declining patient. If a service is given to the patient, the patient shall be billed for those service's performed on the scene.

6. When a private individual in good faith summons an ambulance in an effort to aid another for whom he/she is not responsible and who reasonably appears to be ill or injured but does not in fact require such service, the requesting person shall not be charged.

I hereby certify that the foregoing was duly passed and adopted by the City Council of the City of Selma, California, at a regular meeting held on November 17, 2014 by the following vote, to wit:

ITEM NO: 1.E.

SUBJECT: Award contract to Don Berry Construction for construction of stamped concrete and asphalt improvements on Tucker Street.

DISCUSSION:

Don Berry Construction was requested to prepare a proposal for construction of stamped concrete bands on Tucker Street to provide traffic calming and identity to the City Hall / Fire Administration facilities. The scope of work is as follows:

- Sawcut and remove asphalt concrete at 4 locations, each 6 feet wide.
- Install stamped and colored concrete with a cobblestone pattern
- Demo the existing pavement between two locations that will define a pathway between City Hall and the Fire Administration building and repave with 3" asphalt concrete
- Seal coat and restripe new asphalt.
- Seal stamped concrete surface

The total price for this construction is $22,050.

CITY MANAGER’S/STAFF’S REPORT
CITY COUNCIL MEETING:

ITEM NO: 2
SUBJECT: Selma Youth Sports Organizations usage of ball fields for league games and/or practices.

BACKGROUND: Currently the City of Selma doesn’t charge the Selma Youth Leagues that have been identified for use of fields for games and/or practices. Those leagues that have been identified and approved by City Council are as follows: Little League, Youth Soccer, Cal Ripken Baseball, Babe Ruth, Youth Wrestling, and Track and Field, Aqua Bears, Girls Softball, Selma Youth Football and the Bandits Youth Football. The current fee approved in the fee structure is to charge $5.00 per hour/not to exceed $200.00 per year for each organization. City Council has approved a waiver of the fees to be charged. (Attachment A).

DISCUSSION: Staff provided a report to the Recreation Commission this last month on consideration of charging our actual rate of $20.00 per hour for lights per organization in an attempt to recover all of our actual costs. Following a long discussion, the Recreation and Community Services Commission recommended the previous approved fee of not to exceed $200.00 per year begin being charged in 2015. The Recreation Commission also recommended consideration to raising this amount on a yearly basis. The Commission felt this would allow for groups to plan and fundraise for these additional costs. The Commission was very concerned about charging the full actual amount due to the parents and the fees of these programs increasing. The concern is parents will not be registering their children if fees get to be too high.

The cost of utilities has increased over time and the general fund does cover these expenses. The vandalism of lighting, wiring, etc… also leads to increase costs to the general fund. The purpose of considering charging these youth groups are to recover actual costs that the general fund does cover. Over the past five years these groups have begun to pay for new lights and other items that are needed for the league to operate on our fields. For instance, Girls Softball has paid over $2,500.00 each year over the past four seasons at Shafer Park for field infield mix to assist us with improvements. Little League, Cal Ripken and Babe Ruth do pay for light replacement and the city does assist with putting up the new lights.
DISCUSSION CONTINUED:

Here is a breakdown of each organization and use of City Fields during this fiscal year:

This is based on estimated time of leagues with lights being turned on at our rental rate of $20.00 per hour. Each year does vary based on number of teams and the length of league seasons.

**Selma Babe Ruth:** League Games and Practices. Brentlinger Park. Estimated cost per year: $1,000.00 to $1,400.00.

**Selma Cal Ripken League:** League Games and Practices. Brentlinger Park. Estimated cost per year: $800.00 to $1,100.00.

**Selma Bandits Football:** Practices. Shafer Park. Estimated cost per year: $1,300.00 to $1,600.00.

**Selma Little League:** Use of Little League Field. Little League Park. Estimated cost per year: $2,200.00 to $2,600.00.

**Girls Softball:** League Games and Practices. Shafer Park. Estimated cost per year: $3,000.00 to $4,000.00. (Please note, Softball has put at least $2,500.00 per year into field improvements that directly assist our leagues also that uses Shafer).

**Selma Youth Soccer:** Practices. Shafer and Brentlinger Park. Estimated cost per year: $2,000.00 to $3,000.00.

**Selma Youth Football** has moved back to the high school and plans on not using Brentlinger next year for practices.

Selma Youth Track and Field, Selma Wrestling and Selma Aqua Bears don’t use City fields.

(*All other youth leagues, teams, travel teams, etc... are required to pay for use of fields as approved just over a year ago by City Council). Staff did inform each league that this item will be discussed at the City Council meeting.
RECOMMENDATION: Consideration of Charging Fees to Selma Youth Sports Organizations usage of ball fields for league games and/or practices.

Resolution #2010-23R (7/1/10)
ITEM NO:  3

SUBJECT: Consideration and necessary action on Resolution Authorizing City Manager to Defer Payment of Permit or Development Impact Fees According to Specific Terms and Conditions.

DISCUSSION: The Selma City Code, at Title XII, establishes a variety of fees, including fees for issuance of building or other permits associated with the development of real property and development impact fees for such development. Chapter 3 of Title XII, which is applicable to all such fees give the City Manager authority to establish procedures for fee collection and administration and to adjust fees. Current City ordinance requires that the developer of a commercial or industrial development pay all building and impact fees upon taking out a building permit for the development. With respect to residential subdivisions, those same fees are required by SMC 12-2-7 to be paid at the time of the issuance of a certificate of occupancy or upon final inspection, whichever occurs first, of the first dwelling to be built within a subdivision.

Permit and development impact fees for any development are substantial. Many developers express or experience difficulties in making the payments at the time required by City Ordinance and City Staff has been approached by numerous developers seeking agreements which defer payment of building or development impact fees to a later point in time in the course of the applicable development. The City can encourage development, and the consequent collection of a variety of fees and increase of its tax base by allowing for the payment of building permit and development impact fees at a later point in time with respect to any development. So long as the City obtains adequate security to ensure that payment will be made when due, and the City is adequately compensated for deferring the requirement of payment, the City can make agreements to defer the payment of these fees to a later point in the development which should result in the encouragement or acceleration of development within the City of Selma while ensuring that the City is ultimately paid, with interest, the building and development impact fee applicable to a given development.

Attached to the proposed Resolution are two templates of agreements for the deferral of development impact and permit fees, one for commercial property, and another for residential subdivisions which can be adapted to any development or developer by simply inserting the appropriate information concerning the identity of the developer and the amount of fees being deferred and securing the security dictated by the agreement.

The security ensures insofar as that is possible, that the City will be fully paid. The developer is given alternatives as to the nature of the security. The developer may either provide to the City a bond guaranteeing payment of 115% of the fees that are
deferred; or, the developer must consent to having the total deferred fees placed as a
lien against the property and appearing on the property tax rolls for the developed
property. If the security chosen is a bond, the amount of the required bond will
definitively cover the amount the developer fails to pay. If the security selected is the
placement of the amount of the fees on the tax rolls, because the County adheres to
what is known as the “teeter” plan, it pays to the City every amount it places on the tax
rolls, whether or not the property owner pays the particular assessment or his property
tax bill at all.

The proposed templates of deferral of development and permit fees set out a rational
and safe means of deferring the payment of these fees and appears to be within the
authority of the City Manager under the Selma Municipal Code provisions referred to
above. Council is requested to signify its agreement and approval of this fee collection
procedure by approving the resolution attached which expressly authorizes the City
Manager to enter into these deferral agreements.

RESOLUTION NO. _______

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SELMA AUTHORIZING THE CITY MANAGER TO ENTER INTO AGREEMENTS DEFERRING THE PAYMENT OF BUILDING PERMIT FEES AND DEVELOPMENT IMPACT FEES ACCORDING TO SPECIFIED TERMS AND CONDITIONS

WHEREAS, by City Ordinance, Selma Municipal Code (SMC) §12-2-1, and in Sections in Chapter 2 of Title XII which follow this section, the City has established certain Development Impact Fees, all of which are periodically updated and all of which are set by resolution of this Council and pursuant to Chapter 1 of Title XII of the SMC there is a building permit fee applicable to the construction of any structure, including commercial developments and residential subdivisions; and

WHEREAS, SMC §12-2-7, applicable to development fees requires that the developer of any commercial or industrial development must pay the development fees established by City Council Resolution at the time of issuance of the building permit, and the building permit fee is payable at the same time and with respect to a residential subdivision, the development impact fees are required to be paid on the date of issuance of a final inspection or certificate of occupancy for the first dwelling in the subdivision that receives such inspection or certificate, whichever occurs first; and

WHEREAS, SMC 12-3-2 delegates to the City Manager, the authority to, among other things, “adjust fees and charges” and to issue executive orders setting administrative and fee collection procedures for all fees set by the City Council by resolution, which include the aforementioned permit and development impact fees; and

WHEREAS, the City Manager has determined that it is appropriate in instances where a subdivider or developer is willing to provide adequate security of payment and execute a written agreement providing for payment at a later point in time than is dictated by Ordinance to defer or delay the collection of these fees; and

WHEREAS, the City Manager has developed an agreement for the deferral of development impact and permit fees for non-residential real property development and for residential subdivision developments providing for the deferral of collection of both permit and development impact fees for commercial or industrial development and for residential subdivisions to a later point in time, all as dictated by the sample agreements for the deferral of development impact and permit fees affecting non-residential real property development and for the deferral of development impact and permit fees affecting real property which provide for adequate security and compensation to ensure development impact and permit fees are paid by a residential subdivider or commercial

development on a date later than the date that would otherwise be dictated by City Ordinance; and

WHEREAS, it is in the best interest of the City of Selma to encourage active development of parcels that have been approved for development by this Council and the deferral agreements developed by the City Manager adequately and appropriately protect and ensure the City's right to receive the payment of those amounts as dictated by Resolution for permit issuance and development impact fees.

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

1. The foregoing recitals are true and correct.

2. This Council interprets Section 12-3-2 of the SMC to provide authority to the City Manager to set the administrative or fee collection schedules for payment of development impact and permit fees.

3. The City Manager is authorized to enter into a deferral agreement, in the form of either Exhibit A or Exhibit B to this Resolution, incorporated by reference, and as applicable and to perform and enforce such agreements according to their terms and that notwithstanding Section 12-2-7 of the SMC, with respect to any commercial or industrial developer or residential subdividor who has entered into a deferral agreement in the form of either Exhibit A or B attached to this Resolution and incorporated by reference no permit or development impact fee shall be payable other than as dictated by the terms of the aforementioned deferral agreements.

4. The City Manager is authorized to refuse to enter into any such deferral agreement with any person or firm who has not qualified for that deferral according to the terms of the incorporated sample deferral agreements.

AGREEMENT FOR THE DEFERRAL OF DEVELOPMENT IMPACT AND PERMIT FEES AFFECTING NON-RESIDENTIAL REAL PROPERTY DEVELOPMENT

This Agreement for the deferral of development impact and permit fees (Agreement) is made and entered into effective on this __ day of __________, 20__, by and between the City of Selma, a municipal corporation ("City") and ___________ ("Owner").

WHEREAS, Owner owns that certain real property located in or to be annexed to the City of Selma in Fresno County, California, more particularly described on Exhibit A which is attached hereto and incorporated by this reference the ("Property"); and

WHEREAS, the Selma Municipal Code requires the Owner of a development to pay certain development impact fees and building permit fees at the time of issuance of a building permit; and

WHEREAS, Owner desires to obtain a building permit for a development and a certificate of occupancy for a structure within that development and to defer the payment of the required Development Impact Fees and permit fees as described below; and

WHEREAS, the City Manager has determined that it is appropriate to defer payment of said fees pursuant to Selma Municipal Code §12-3-2 and agrees to defer the collection of such fees for the time period specified below.

NOW, THEREFORE, in consideration of the mutual covenants, promises and agreements made herein, the parties hereto agree as follows:

1. Development Fees: The City shall issue a building permit and defer collection of the following development impact fees:

   Development Impact Fees $__________

2. Permit Issuance Fees: The City will determine and notify Owner of the amount of each fee for issuance of each permit within the development at the time any such permit is issued. Upon receipt of such notification, City and Owner agree that the amount of such fee shall be added to the amount of the development impact fees and also deferred and payable according to the terms and conditions of this agreement. City and Owner agree that the City's issuance of a notice to the Owner reflecting the amount of each permit issuance fee, and the City's record thereof, will act to automatically amend this agreement to include the amount of all such permit issuance fees, in what is hereinafter referred to in this Agreement as the Total Deferred Fees. The City's record of the amount of fee for a building permit issuance shall be final and conclusive proof of the amount to be included in the Total Deferred Fees subject to this agreement.

3. Deferral: The City's issuance of the building permit and deferral of collection of the foregoing development impact and permit fees is subject to the terms and conditions of this Agreement. Owner shall pay the total
deferred fees upon application for and prior to issuance of a certificate of occupancy for any structure completed within the development. The unpaid Total Deferred Fees shall accrue interest from and after the date of this Agreement at the rate of .833% (10% APR).

4. Sales: For so long as all or any part of the Total Deferred Fees remains unpaid, Owner shall notify City of any sale or pending escrow with respect to all or any part of the Property within 5 working days of any sale or opening of escrow.

5. Security: As security for payment of the Total Deferred Fees, together with any interest or additional charge incurred under this Agreement, Owner shall give to the City a bond to faithfully perform the duties and obligations imposed on Owner by this Agreement issued by an admitted surety insurer, naming the City as Obligee, in the penal sum equal to 115% of the Total Deferred Fees. The bond shall be issued with one or more sureties or a surety company, having at least an "A" rating, and shall be satisfactory to the City, and admitted to act as a surety in California.

If the Agreement is initialed by Owner in the space below, then as an alternative and in lieu of giving the City a bond by an admitted surety insurer, Owner hereby consents to having the Total Deferred Fees added to and collected with the annual real property tax assessment on the Property in the event all or any portion of the Total Deferred Fees is not paid as required by this Agreement. If the Property is subdivided, that portion of the Total of Deferred Fees secured in this method shall be added to and collected with the annual real property tax assessment on the property in the proportion to which the Total Deferred Fees bears to the total of lots in the subdivision, including interest and any additional charges incurred under this Agreement. In the event, City is required to add to or collect with the annual real property tax assessment on the property the Total Deferred Fees, the portion of the Total Deferred Fees that are fees for issuance of building permits shall be added to the annual real property tax assessment, and collected therefrom, if necessary, directly in proportion to which the Total Deferred Fees, including building permit issuance fees bears to the total lots within the subdivision, including interest and any additional charges incurred under this Agreement, and without regard to the amount of the permit issuance fee incurred with respect to any specific lot or lots. The City shall be entitled to add to that assessment, in direct proportion to the amount by which the added permit issuance fees bears to the total of lots in the subdivision such additional building permit fees as this Agreement is amended pursuant to the provisions of paragraph 2, above.

6. Breach: If the Owner fails to make any payment due on the Total Deferred Fees at the time specified by this Agreement, such failure shall be a material breach of the Agreement and in addition to the procedures and remedies provided for by law for the collection of real property taxes, the City shall have every other remedy available to it under the law for the collection of liens, including but not limited to, withholding or revoking a certificate of occupancy, foreclosure on the Property, and recovering the unpaid balance plus interest as a personal obligation of the Owner.

7. Disclosure: Owner agrees for it, and all subsequent owners of the Property, or parties who shall acquire any or all of the Property, or an interest therein, to disclose the existence of this Agreement.

8. Binding on Successor: This Agreement shall be recorded against the Property, at the expense of the Owner, and shall constitute notice to all successors and assign of the title to the Property and of the obligations herein set forth. The provisions of this Agreement shall constitute covenants which shall run with the Property and the benefits and burdens hereof shall bind and inure to all successors in interest to the parties hereto. Owner agrees to hold City harmless from and defend it from any proceeding, claim, costs, loss or damage whatsoever arising out of or relating to the City's exercise of any right under this Agreement or any other provision of this Agreement.

9. Construction: Notwithstanding any other provision of this Agreement, the Developer shall begin construction on the Property within 6 months after the execution date of this Agreement. If the Developer does not begin construction within 6 months of the execution date of this Agreement, the Total Deferred Fees shall become immediately due and payable unless the Owner obtains an extension of that 6 month period, in writing, for one additional 6 month period from the City Manager. The Total of Deferred fees shall become immediately due and payable if, for any reason, any building permit associated with the project is declared void or otherwise invalidated or rendered ineffective. Notwithstanding any provision of this Agreement, the Owner shall pay the Total of Deferred Fees, with interest, no later than 3 years after the effective date of this Agreement. Time is of the essence of each provision of this Agreement.

10. Entire Agreement: This Agreement contains the entire understanding and agreement between the parties relating to the subject matter of this Agreement. All prior or contemporaneous agreements, understandings, representations and statements, oral or written concerning the subject matter of this Agreement are merged into this
Agreement and shall be of no force or effect. This Agreement may be amended only by a written instrument signed by the City and Owner.

11. **Governing Law:** This Agreement shall be governed by the laws of the State of California.

12. **Interest and Charges:** Interest at the rate of .833% (10%) APR shall accrue on the unpaid total deferred fees that are not paid on the dates required by this Agreement and the Owner shall pay all expenses of the City, incurred by it in collecting the total deferred fees, or any portion thereof, including but not limited to City staff time, third party costs, and reasonable attorney’s fees and litigation costs. In addition, Owner shall pay a late fee equal to 10% of the amount due but unpaid.

13. **Assignment Prohibited:** The rights, duties and obligations of this Agreement shall not be assigned or delegated by Owner without the prior written consent of the City in its sole discretion. Any assignment to which City has not consented shall be null and void. Upon any attempt at assignment in violation of this Agreement, all fees that have been deferred shall be immediately due and payable. Except as provided expressly in this paragraph, this Agreement shall inure to the benefit of and by all successors in interest.

14. **Severability:** The invalidity in whole or in part of any provision of this Agreement shall not void or affect the validity of any other provision of this Agreement.
