The Workshop/pre-Council meeting of the Selma City Council was called to order at 5:00
p.m. in the Council Chambers. Council members answering roll call were: Derr, Montijo,
Rodriguez, Mayor Pro Tem Avalos and Mayor Robertson.

Also present were City Manager Grey, City Attorney Costanzo, Financial Consultant
Yribarren, Risk Management Counsel David Overstreet and Associate Rachelle Golden and
interested citizens.

The agenda for this meeting was duly posted in a location visible at all times by the general
public seventy-two hours prior to this meeting.

EXECUTIVE SESSION: At 5:02 p.m., Mayor Robertson recessed the meeting into
Executive Session to discuss the following: two cases of pending litigation pursuant to
Government Code Section 54956.9; City of Selma V. Bill Nelson General Engineering
Construction, Inc.; Merchants Bonding Co.; and Does 1 to 100, Case No.15CECG01446;
and City of Selma V. City of Kingsburg.

The meeting reconvened at 5:51 p.m., with Mayor Robertson stating that there was no
reportable action.

ADJOURNMENT: There being no further business, the meeting was adjourned at
5:52p.m.

Respectfully submitted,

Reyna Rivera
City Clerk

Scott Robertson
Mayor of the City of Selma
CITY OF SELMA
REGULAR COUNCIL MEETING
September 8, 2015

The regular meeting of the Selma City Council was called to order at 6:00 p.m. in the Council Chambers. Council members answering roll call were: Derr, Montijo, Rodriguez, Mayor Pro Tem Avalos, and Mayor Robertson.

Also present were City Manager Grey, City Attorney Costanzo, Community Services Director Kirchner, Financial Consultant Yribarren, Fire Chief Kain, Police Chief Garner, the press, and interested citizens.

The agenda for this meeting was duly posted in a location visible at all times by the general public seventy-two hours prior to this meeting.

INVOCATION: Pastor Danny Edwards of New Day Church led the invocation.

Administrative Analyst Galvan stepped forward to provide an Economic Development Presentation. She updated Council on the recent Economic Development and Grants activity that was performed in the previous month.

Fire Inspector/Code Enforcement Officer Cacossa stepped forward in order to provide recognition to Mr. Gregorio Ramirez for his due diligence on graffiti removal. Mayor Robertson stepped forward to present Mr. Ramirez with a Certificate of Appreciation from Council. He was thanked for keeping Selma Beautiful.

Ms. Vicki Filgas and Ms. Beverly Cho stepped forward to provide Council the opportunity to review the proposed Murals that they are actively seeking funding for. They provided conceptual drawings and discussed the locations for the proposed Murals. Council thanked them for their presentation, and it was the consensus of Council to approve the murals and locations.

Financial Consultant Yribarren and City Manager Grey provided information regarding the Cal Water Rate Case. Financial Consultant Yribarren summarized the information that was submitted by Cal Water. After discussion, it was the consensus of Council to invite Cal Water to attend the next meeting, and direct staff to file as an intervener.

ORAL COMMUNICATIONS: Ms. Jennifer Earle stepped forward in opposition of live streaming Council meetings.

Mr. Daron Dunkin, Rates Director for Cal Water stepped forward to discuss the Cal Water Rate Case and provided clarification on information discussed earlier.
CONSENT CALENDAR: Council member Derr requested that agenda item I.d. be pulled for separate discussion. Motion to approve the remainder of the Consent Calendar was made by Council member Rodriguez and seconded by Council member Derr. Motion carried with the following vote:

AYES: Rodriguez, Derr, Montijo, Avalos, Robertson
NOES: None
ABSTAIN: None
ABSENT: None

a. Minutes of the Aug. 17, 2015 Workshop/Pre-Council meeting approved as read.
b. Minutes of the Aug. 17, 2015 Regular meeting approved as read.
d. Pulled for separate discussion.

AGENDA ITEM I.d. CONSIDERATION AND NECESSARY ACTION ON CHECK REGISTER DATED SEPTEMBER 1, 2015: After discussion, motion to approve Check Register dated September 1, 2015 was made by Council member Derr. Council member Rodriguez seconded the motion, and it carried by the following vote:

AYES: Derr, Rodriguez, Montijo, Avalos, Robertson
NOES: None
ABSTAIN: None
ABSENT: None

CONSIDERATION AND NECESSARY ACTION ON AMENDMENT TO SIGN ORDINANCE ADDING SECTION 6-5 TO CHAPTER 28 OF TITLE XI OF THE SELMA MUNICIPAL CODE ENTITLED MURALS – public hearing and adoption: Mayor Robertson opened the public hearing at 7:29 p.m., there being no one to speak on the matter the public hearing was closed at 7:30 p.m.

After discussion, regarding the fee, Council member Montijo motioned to adopt ORDINANCE NO. 2015-5, AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SELMA ESTABLISHING GUIDELINES FOR MURALS IN THE CITY OF SELMA, ADDING SECTION 6-5 TO CHAPTER 28 OF TITLE XI OF THE SELMA MUNICIPAL CODE WITH AMENDMENT REMOVING APPLICATION FEE. Council member Rodriguez seconded the motion, and was carried by the following vote:
CONSIDERATION AND NECESSARY ACTION ON RESOLUTION AUTHORIZING EASEMENT ABANDONMENT OF A PORTION OF NORTH STREET BETWEEN WEST FRONT AND EAST FRONT STREETS – public hearing:

After discussion, Mayor Robertson opened the matter up for public comment at 7:34 p.m. With no one to speak for or against the issue, the public hearing was closed at 7:35 p.m.

Motion to approve RESOLUTION NO. 2015-56, A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SELMA AUTHORIZING ABANDONMENT OF A PORTION OF NORTH STREET BETWEEN WEST FRONT AND EAST FRONT STREETS was made by Council member Derr, and seconded by Council member Rodriguez. Motion carried with the following vote:

AYES: Derr, Rodriguez, Montijo, Avalos, Robertson
NOES: None
ABSTAIN: None
ABSENT: None

CONSIDERATION AND NECESSARY ACTION ON RESOLUTION INITIATING FRESNO COUNTY LAFCO PROCEEDINGS FOR ANNEXATION AND SPHERE OF INFLUENCE CHANGE AND OPTING NOT TO SUCCEED WILLIAMSON ACT CONTRACTS RELATED TO THE SELMA CROSSINGS PROJECT: Council member Rodriguez moved to approve RESOLUTION NO. 2015 – 57R, A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SELMA INITIATING FRESNO COUNTY LAFCO PROCEEDINGS FOR ANNEXATION AND SPHERE OF INFLUENCE CHANGE AND OPTING NOT TO SUCCEED WILLIAMSON ACT CONTRACTS RELATED TO THE SELMA CROSSINGS PROJECT, and Mayor Pro Tem Avalos seconded the motion. AYES: Rodriguez, Avalos, Montijo, Derr, Robertson
NOES: None
ABSTAIN: None
ABSENT: None
CONSIDERATION AND NECESSARY ACTION ON AUTHORIZATION OF
ISSUANCE REQUEST FOR PROPOSALS (RFP) AND SOLICITATION OF
QUOTES FOR ARCHITECTURAL WORK FOR PROPOSED POLICE FACILITY:
City Manager Grey provided Council with the history of the Police Department Station,
which was originally purchased in 1960. He further stated that staff is requesting approval
to issue Request for Proposals (RFP) in order to facilitate costs for the project.

After much discussion, motion was made by Council member Montijo to authorize
issuance of the RFP and direct staff to receive proposals for bids on architectural work for
the proposed police facility. Council member Rodriguez seconded the motion, and the
motion carried by the following vote:

AYES: Montijo, Rodriguez, Derr, Avalos, Robertson

NOES: None

ABSTAIN: None

ABSENT: None

DEPARTMENTAL REPORTS: City Manager Grey discussed the Public Works Report,
and that planning and preparation for the upcoming El Nino storms are moving forward
with the assistance of Selma Unified and the Quinn Company.

Fire Chief Kain updated Council on the Strike Team assignments for the Selma Firefighters,
as well as Fires throughout the State of California.

Community Services Director Kirchner requested direction from Council on the preference
of the department reports, and it was the consensus of Council to continue with the weekly
emails regarding recreation.

COUNCIL REPORTS: Council member Derr reported on attending the following:
Funeral for Russ Noble; Retirement for Toni Johnson; Conference with David Valladeo.
He further reported on assisting in the Sounds of Freedom Concert in the Park, and the
recent Cool Kids Play production.

Council member Montijo reported on the recent Concert in the Park, hosting a Rotary
meeting, and Max’s Ribbon Cutting. She also invited everyone to attend the upcoming
Chamber Mixer and the Tejano Concert.

Mayor Pro Tem Avalos reported on attending the following: Funeral for Russ Noble,
Max’s Ribbon Cutting; Tacos de Campo Ribbon Cutting; Fresno Fair dedication; Blood
Drive. He further thanked Staff for their continued service.
Mayor Robertson thanked Public Works Director Shiplee for the beautification to the downtown by adding artificial turf. He reported on attending the ribbon cutting for the Fresno Credit Union, Walk for Jesus rally and Punjabi Community Fundraiser for the Selma Cancer Support. He then invited everyone to attend the Tejano Concert.

**ORAL COMMUNICATIONS:** Mr. Bob Allen stepped forward to invite everyone to the Selma Superintendent meet and greet, and the Car Show. He then discussed the issue of people removing recyclables from garbage bins.

**ADJOURNMENT:** There being no further business, the meeting was adjourned at 8:08 p.m.

Respectfully submitted,

Reyna Rivera
City Clerk

Scott Robertson
Mayor of the City of Selma

Ordinance No: 2015-8
ITEM NO:  1.c.

SUBJECT:  Consideration and necessary action on approving the Memorandum of Understanding between the Fresno County Rural Transit Agency and the City of Selma in compliance with the Federal Transit Administration guidance on Safety and Security for Public Transit Operators.

DISCUSSION:  The City was contacted by the Fresno County Rural Transit Agency (FCRTA) to provide services for the FCRTA passengers, drivers and vehicles within the City of Selma. This is in compliance with the requirements of Federal Transit Administration to supply an officer presence.

The FCRTA being community oriented contacted the City Manager and the Police Chief to obtain feedback last year on the concept of the MOU with the City versus a private security company.

The program has worked well, and Police personnel have benefited from communication with citizens riding the transit.

In exchange for an officer, once per week to provide these services, FCRTA shall reimburse the City for an amount of $4,000.

do hereby agree that the funding for the above is correct and that enough funds exist to cover the expenditure.
Safety and Security Services

Memorandum of Understanding

The Fresno County Rural Transit Agency (FCRTA) and the City of Selma Police Department hereby agree to enter into this Memorandum of Understanding (MOU) for the purpose of providing safety and security services for FCRTA passengers, drivers and vehicles within the City of Selma. This is in compliance with direction from the Federal Transit Administration (FTA) guidance on Safety and Security for Public Transit Operators.

The City of Selma Police Department will provide the following services on any day during the week:

- A uniformed officer shall Board the stopped vehicle at any designated bus stop
- Make visual observations while inside vehicle
- Greet driver of vehicle
- Assist passengers or driver with any questions

FCRTA shall reimburse the City of Selma Police Department for costs associated in providing these services in the amount of $4,000.00 for the period of 7/01/15 to 6/30/16. Submit a monthly log sheet on a semi-annual basis showing the bus boarding's by date (attachment). This MOU may be renewed on an annual basis by both parties.

SUBJECT: Resolution Approving and Adopting Amendments to Six Memorandums of Understanding Regarding Health Insurance Benefits

DISCUSSION: The City Council has considered the rate increases announced by CalPERS Health Insurance for 2016 and agreed to increase the established cap for the new plan year.

The following resolution provides for amendments to all current Memorandums of Understanding. These amendments will increase the maximum allowance paid by the City for each employee's health insurance from January 1 through December 31, 2016.

Beginning January 1, 2016 the City will no longer provide a separate Chiropractic plan. The CalPERS medical plans have begun again to provide Chiropractic coverage therefore eliminating the need for a separate plan.

RESOLUTION NO. 2015- R

A RESOLUTION OF THE CITY COUNCIL
OF THE CITY OF SELMA APPROVING AND ADOPTING AN AMENDMENT
TO ALL CURRENT MEMORANDUMS OF UNDERSTANDING REGARDING
HEALTH INSURANCE BENEFITS

WHEREAS, the City of Selma has requested and notified the representatives of all bargaining units of the need to amend the current Memorandums of Understanding (MOU’s) to include information regarding the 2016 CalPers benefits and to increase the maximum amounts the City will contribute toward the health insurance premiums beginning January 1, 2016; and

WHEREAS, representatives of all employee associations/unions have declared their approval of said amendments to their appropriate Memorandums of Understanding.

WHEREAS, the Selma City Council has considered and approved the proposed changes as shown in Exhibit A.

NOW, THEREFORE BE IT RESOLVED that the City Council of the City of Selma does hereby approve and adopt amendments to the appropriate article entitled “INSURANCE BENEFITS” Health Insurance of the Memorandums of Understanding between the City of Selma and the Miscellaneous Mid-Management Employees, the Safety Mid-Management Employees, the Secretarial/Technical/Clerical Unit, the Public Works Employees, the International Association of Firefighters Local 3716 and the Selma Police Officers Association.

The foregoing Resolution was duly adopted by the Selma City Council at a regular meeting on the 21st day of September, 2015 by the following vote to wit:

AYES: COUNCILMEMBERS:

Please Note: Proposed amendments to insurance sections of all memorandums of understanding between the City of Selma and all employee organizations are highlighted in **bold** print.

**ARTICLE * - INSURANCE BENEFITS:**

**D. CalPERS Health Insurance:**

3. **Maximum Premium Allowance for Health Insurance – 2015**
   From January 1, 2015 through December 31, 2015 the City shall contribute the following maximum amount for the health insurance for each employee enrolled in one of the health insurance plans as provided by CalPERS. The following amounts include the required contribution of $122.00 per covered employee by the City to CalPERS Health Plan (Senate Bill 1464, Chapter 896, Date 09/26/02). The maximum allowances per employee shall be:

   **For employees choosing United Healthcare:**
   Employee only – $449.10  
   Employee plus one – $898.20  
   Employee plus two or more – $1,167.66  

   **For employees choosing Blue Shield NetValue or Other Plan:**
   Employee only – $561.09  
   Employee plus one – $1,122.18  
   Employee plus two or more – $1,458.83

4. **Maximum Premium Allowance for Health Insurance – 2016**
   From January 1, 2016 through December 31, 2016 the City shall contribute the following maximum amount for the health insurance for each employee enrolled in one of the health insurance plans as provided by CalPERS. The following amounts include the required contribution of $125.00 per covered employee by the City to CalPERS Health Plan (Senate Bill 1464, Chapter 896, Date 09/26/02). The maximum allowances per employee shall be:

   **For employees choosing United Healthcare:**
   Employee only – $493.99  
   Employee plus one – $987.98  
   Employee plus two or more – $1,284.37  

   **For employees choosing Kaiser or Other Plan:**
   Employee only – $605.05  
   Employee plus one – $1,210.10  
   Employee plus two or more – $1,573.13

**E. Dental Insurance:**
No change from the 2015 Maximum Premium Allowance amount.
F. Vision Insurance:

1. **Maximum Premium Allowance for Vision Insurance - 2015**
   From January 1, 2015 through December 31, 2015, the Vision insurance premium allowances for each employee shall be $19.06 per month. For 2016, the maximum Vision insurance premium allowances for each employee have not been established at the adoption of this MOU.

2. **Maximum Premium Allowance for Vision Insurance - 2016**
   From January 1, 2016 through December 31, 2016, the Vision insurance premium allowances for each employee shall be $15.73 per month.

G. Chiropractic Insurance:

1. **Maximum Premium Allowance for Chiropractic Insurance**
   From January 1, 2015 through December 31, 2015, the Chiropractic insurance premium allowances for each employee shall be $12.00 per month. For 2016, the maximum Chiropractic insurance premium allowances for each employee have not been established at the adoption of this MOU.

2. **Beginning January 1, 2016** the City of Selma will no longer offer a separate stand-alone Chiropractic plan. CalPERS' medical plans have begun again to provide Chiropractic coverage therefore eliminating the need for a separate plan.

ITEM NO: 1.e.

SUBJECT: Authorize the Call for Bids for Patch Repair and Slurry Seal Project.

DISCUSSION: The Public Works/Engineering Department has identified areas of arterial streets for potential patch and slurry repair.

The project consists of street reconstruction at the following locations:

- McCall from Floral to Dinuba
- Orange from Floral to Nelson
- Nelson from Highland to Thompson
- Rose from McCall to Country Rose
- Second from E Front to High

The project will be funded with Local Transportation Fund (LTF) monies.

The project will be advertised for bid based upon the square footage. The project will be awarded based on the lowest price per square foot amount.

The estimated budget for the project is approximately $800,000.

Approval of this Resolution will enable us to advertise for bids on this project.

RESOLUTION NO. 2015 - R
A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SELMA
AUTHORIZING THE CALL FOR BIDS
FOR PATCH REPAIR AND SLURRY SEAL PROJECT

WHEREAS, the City of Selma Public Works/Engineering Department has identified areas of arterial streets for potential patch and slurry repair; and

WHEREAS, the Engineer’s approximate cost estimate for the above named project is $800,000, and funded through Local Transportation Funds (LTF); and

WHEREAS, the City of Selma has considered the form of public notice inviting bids for the Project to be published as required by law; and

WHEREAS, said bids shall be received by the City Clerk until the appointed day and time, as specified in the public notice, and shall be publicly opened and recorded and the apparent low bidder announced, and subject to review and consideration for award by the Council of the City of Selma.

NOW, THEREFORE, BE IT RESOLVED that the City Clerk is authorized to advertise for bids for the above noted project.

The foregoing Resolution was duly adopted by the Selma City Council at a regular meeting held on the 21st day of September, 2015, by the following vote to wit:

Agenda Item 2.
Issues for Cal Water Regarding new Rate Case

September 17, 2015

1. Selma City Council asks the Cal Water prepare the documents for submission on grant requests to State Agencies for water and water conservation to provide the funding required to pay for the completion of the water meter installations in Selma. This would include writing the grant on behalf of the City of Selma. The City of Selma will have to execute such grant applications for submission to the State.

2. Selma City Council requests that the fines being collected for water conservation on the Cal Water customer invoices be dedicated to the installation of water meters in Selma to complete this conversion. Please provide a total of collections to date via this source.

3. Cal Water needs to provide Selma with the documented evidence of actual repair site locations and the costs of each repair site for the water lines that Cal Water is proposing need to be replaced along with the specific line locations that are being considered for replacement. Provide recent project bids for similar work to verify the estimated costs per linear foot for replacement.

4. Provide the complete cost estimate upon which the basis for requesting the new SCADA system throughout all of Cal Water is claimed. Provide cost estimate of actual SCADA equipment that will be replaced in Selma and that operational equipment that will be located at Corporate Headquarters in additional to the company wide cost estimate. Cost estimate shall detail make, model, manufacturer, for all hardware and software, installation costs shall be separated from materials.

5. The previous rate cases appear to have already paid for the capital improvements that those rate cases were structured for, where is the revenue from the previous rate cases now being used?

6. Current rate case is asking for operational overhead expenses such as pickup trucks, why are these being proposed for a rate increase? Prior rates have revenue that is paid in to pay operational cost to Cal Water, why would these trucks need to have a specific revenue stream?

7. Water use and therefore water production requirements are falling, why have there not been reduction in Cal Water staffing?

8. Since Cal Water has been through the process of eminent domain, please provide the outline for the costs and the capital estimate for purchase of the Selma system for Council’s consideration.
ITEM NO: 3.

SUBJECT: Review and approve Fresno County Community Development Block Grant (CDBG) Program application package for funding year 2016-2017.

BACKGROUND: Every year Fresno County and HUD requires an application package be submitted to verify that the proposed Community Development Block Grant (CDBG) project qualifies for funding.

Qualification of projects is based upon several factors:

1. The project must be in an area predetermined by Fresno County to serve a low income/disadvantaged population.
2. Projects outside the predetermined areas qualify if the proposed improvements are for removal of access barriers (ADA improvements) only.
3. Projects on arterial/collector roadways within the predetermined areas are not fundable unless it can be shown that the residents in the area receive a majority of the benefit.

DISCUSSION: The project being submitted for the 2016-2017 funding cycle is:

Ringo Park improvements, including improvements to the existing restroom facilities, restoration of power to the park lighting, and installation of a security camera to enhance and promote safety.

The Engineer's estimate for this project is $62,000.

Staff continues to collaborate with Fresno County to obtain additional funding to reduce City's cost for this project.
COST: (Enter cost of item to be purchased) | BUDGET IMPACT: (Enter amount this non-budgeted item will impact this years' budget – if budgeted, enter NONE).

$62,000 | None

FUNDING: (Enter the funding source for this item – if fund exists, enter the balance in the fund.) | ON-GOING COST: (Enter the amount that will need to be budgeted each year – if one-time cost, enter NONE).

Funding Source: CDBG $55,209 | None
Fund Balance: General $6,791

RECOMMENDATION: Hold public hearing and approve Fresno County Community Development Block Grant (CDBG) Program application package for funding year 2016-2017.

Joseph Daggett – City Engineer  
Kenneth Grey – City Manager

9/14/2015  
9/17/2015

We __________________ and __________________
Kenneth Grey, City Manager  Steve Yribarren, Financial Consultant

do hereby agree that the funding for the above is correct and that enough funds exist to cover the expenditure.
RESOLUTION NO. 2015-R

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SELMA
APPROVING THE APPLICATION FOR
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PROJECT
FOR FISCAL YEAR 2016-2017

WHEREAS, the City of Selma is applying for the Community Development Block Grant (CDBG) funding for the fiscal year 2016-2017 from the County of Fresno Community Development Department for the following proposed project; and

Ringo Park Improvements
- Improvements to existing restroom facilities
- Restoration of power to the park lighting
- Installation of a security camera to enhance and promote safety

WHEREAS, the amount of the application is $62,000; and

NOW, THEREFORE, BE IT RESOLVED, the City Council of the City of Selma does hereby approve the application for the CDBG project for the fiscal year 2016-2017, and it is to be sent to the County of Fresno Community Development Department for approval. The City Council of the City of Selma further resolves that the City Manager is hereby authorized to sign the necessary project agreement once received from the County of Fresno and any amendments to the agreement thereof.

I, REYNA RIVERA, City Clerk of the City of Selma, do hereby certify that the foregoing Resolution was duly adopted at a regular meeting of the City Council of the City of Selma on the 21st day of September, 2015, by the following vote, to wit:

AYES: COUNCILMEMBERS:
NOES: COUNCILMEMBERS:
ABSTAIN: COUNCILMEMBERS:
ABSENT: COUNCILMEMBERS:

Scott Robertson
Mayor of the City of Selma

ATTEST:

Reyna Rivera
City Clerk
August 28, 2015

Ken Grey, City Manager
City of Selma
1710 Tucker Street
Selma, CA 93662

Dear Mr. Grey:

Subject: 2016-2017 Community Development Block Grant Application
Selma Ringo Park Improvements Project

The County's Community Development Division has completed its preliminary review of the City's Community Development Block Grant (CDBG) Program application for the Selma Ringo Park Improvements Project in the amount requested of $55,209. We have determined, based on existing information, that the proposed project is an eligible activity under the CDBG Program. Please note that uncommitted funds are available from other participating cities. We will conduct a City Manager's meeting, once program allocations are provided by HUD, to determine the distribution of these funds to interested cities as an advance on future allocations.

Therefore, please proceed with the required noticed public hearing that must be conducted by September 30, 2015. Documents specified in Section II of the application (Public Hearing/Citizen Participation) must be submitted by 5:00 p.m., on Thursday, October 15, 2015.

In accordance with HUD requirements for the CDBG Program, the project will be reviewed for State and Federal environmental compliance.

We look forward to working with the City of Selma in addressing its community development needs. If we can be of further assistance, please call Jonathan Avedian or me at (559) 600-4292.

Sincerely,

Kristi Johnson, Principal Analyst
Community Development Division

Page 2
'Communities that receive entitlement funds from the CDBG program are required to use their funds in a timely manner.' (HUD's handbook Guidelines for Grantee Selection, Management, and Oversight of Subrecipients in the CDBG Program).

INTRODUCTION:

The County of Fresno receives an annual allocation of CDBG grant funds from the federal Department of Housing and Urban Development (HUD). The County makes a portion of these grant funds available to each of its participating cities based on the same HUD formula by which the County receives its funding. Each City participating in the County's CDBG program is invited to submit activity proposals for its portion of CDBG grant funds subject to the rules and guidance in this application notification. The seven participating cities include the cities of Fowler, Kerman, Kingsburg, Mendota, Reedley, Sanger and Selma.

The County's Department of Public Works and Planning, Community Development Division, is responsible for the administration and implementation of all CDBG-funded activities for the County and its participating cities. The application packet for the 2016-2017 Program Year is issued by the County's Community Development Division. All CDBG funding requests are subject to terms and regulations in accordance with the provisions of Title I of the Housing and Community Development Act of 1974, (the Act) as amended, and the laws of the State of California. Applications submitted by cities for proposed funding must be for CDBG-eligible activities that are consistent with the County's 5-year Consolidated Plan for Program Years 2015-2019 and meet one of HUD's three National Objectives.

Only complete applications for funding, submitted on the 2016-2017 application form supplied by the County and included in this packet will be accepted. Therefore, review your application proposal carefully, answer all questions and attach all required supporting documentation.

Please note that separate applications are required if more than one activity is proposed for CDBG funding during the 2016-2017 program year.

The deadline for submittal of the application and supporting documentation (excluding Section II) is 5:00 p.m., on Friday, July 31, 2015 at the County's Community Development Division. Upon receipt of an eligibility confirmation letter, cities will then be directed to proceed with a noticed public hearing, to be held by September 30, 2015. Documents specified in Section II of the application (Public Hearing/Citizen Participation) shall be submitted by 5:00 p.m., on Thursday, October 15, 2015.

NOTE: An application workshop to answer questions and assist applicants with the preparation of the CDBG application is scheduled for July 1, 2015 from 2:00 p.m. to 3:30 p.m. at the Fresno County Plaza Building, 8th Floor, Conference Room "A". Staff representing the Community Development Division will discuss the application process, staff representing the Design Division will discuss plans, specifications, and cost estimate submittals, and staff representing the Development Services Division will discuss environmental review requirements. We invite you to attend this workshop, and to bring any activity information with you that you may wish to discuss. Please call the Community Development Division at (559) 600-4292 to reserve your space or if you have any questions.
THRESHOLD REQUIREMENTS:

- **Submittal deadline:** Applications must be received at the Community Development Division office by **5:00 p.m., on Friday, July 31, 2015.**
- Upon receipt of an eligibility confirmation letter, a noticed public hearing shall be held no later than **September 30, 2015.**
- The deadline to submit evidence of the noticed public hearing, the Minute Order authorizing submission of the application, and the name of the person authorized to sign the grant agreement is **5:00 p.m., on Thursday, October 15, 2015.**
- Applications must be submitted on the 2016-2017 application form.
- If multiple projects are proposed, separate applications are needed for each proposed project.
- Applications must include all required attachments and all questions must be answered completely.
- The activity must be able to be completed within 12 to 18 months of funding—the activity must be ready to proceed upon funding approval. This requires approval of all required land use entitlements.
- Application must include a map showing the street boundaries of the area that will benefit from the activity and/or must include a description of the eligible beneficiaries.
- Application must include a copy of the current contract with the activity engineer that demonstrates the term of the contract and that the engineer is authorized to provide services needed under application on behalf of the City.
- If proposed activity will require other funding in addition to requested CDBG funds, submit documentation with application demonstrating the sources of funds are available to complete the activity.

Complete applications may be mailed or hand delivered. Applications must be received at the Community Development Division office by **5:00 p.m., Friday, July 31, 2015.**

Mail completed applications to: Fresno County Department of Public Works and Planning, Community Development Division, Attn: Community Development Grants Program, 2220 Tulare Street, 6th Floor, Fresno, CA 93721.

Hand-delivered applications will be accepted at: The Community Development office located in the Fresno County Plaza Building, 2220 Tulare Street, 8th Floor, Fresno, CA.
APPLICATION CHECKLIST:

- Application Summary (Section I)
- Site Map/Site Control (Section I)
- Public Hearing Documents, Proof of Publication Notice (Section II) to be submitted by 5:00 p.m., October 15, 2015
- Applicant Certification (Section III)
- Detailed Activity Description (Section V)
- Activity Timeline (Section VI)
- Activity Cost Estimate (VIII)
- Environmental Questionnaire (Section VIII)
- Other Supporting Documentation
SECTION I
APPLICATION SUMMARY

A. Name of Applicant: City of Selma

B. Applicant Address: 1710 Tucker Street
   City: Selma        County: Fresno        Zip Code: 93662

C. Applicant Tax ID No.: 94-60000431

D. Applicant DUNS No.: 004940805

E. Contact Person Name and Title: Daniel Bond, City Engineer
   Phone Number: 891-2215        FAX: 896-5909        E-Mail: cityofselma.com

F. Name of Activity Engineer: Daniel Bond, City Engineer
   Phone Number: 891-2215        FAX: 896-5909        E-Mail: cityofselma.com

G. Activity Name: Ringo Park Improvements

H. Provide a brief description of proposed activity (detailed description to be provided in Section IV):
   The proposed activity includes improvements to the existing restroom facilities, restoration of power to the park lighting, and installation of a security camera to enhance and promote safety.

I. Address of Activity Site (if any): Northwest corner of Nebraska and Mitchell

J. Total Activity Cost: $62,000

K. Grant Amount Requested: $41,370
   (Estimated 2016-17 allocation for City of Selma, based on 2015-16 funds, is $235,000)

L. If another participating city chooses to not use its 2016-2017 CDBG allocation, those funds may be made available to other participating cities, as an advance against future-year CDBG funding (to be repaid from the 2017-2018 CDBG allocation). If available, what additional amount of CDBG funds (if any), would the City request? 20,000
SECTION II
PUBLIC HEARING/CITIZEN PARTICIPATION
(To Be Submitted After County Approves Eligibility and by October 15, 2015)

Cities are required to conduct a noticed public hearing before their governing boards to provide interested citizens the opportunity to comment on all activities submitted for funding. This hearing must be conducted by September 30, 2015, but should not be held until after an eligibility confirmation letter is received from the County.

A. Describe the means used to obtain citizen involvement, any accommodations made to encourage broad participation, and how all persons that may benefit from the activity were provided an opportunity to participate:

A noticed public hearing is scheduled in conjunction with the City Council meeting to be held in September 2015. The public meeting will be published in the local newspaper affording the public the opportunity to comment on the proposed activity.

B. The following supporting documentation will illustrate compliance with this Section. Submit as part of this application the following supporting documentation:

- Proof of publication notice.
- Certified Minute Order authorizing submission of application and naming person authorized to sign on behalf of the Applicant.

Include all supporting documentation for this Section under Attachment B, Evidence of Public Hearing/Local Support.
SECTION III
APPLICANT CERTIFICATION AND COMMITMENT OF RESPONSIBILITY

As the official designated by the governing body, I hereby certify that if approved by the County of Fresno for Community Development Block Grant Program funding, City of Selma __________________________ (Applicant name) assumes the responsibilities for carrying out the activity specified in this application in a timely manner and certifies that:

- It possesses the legal authority to apply for the grant funds and to execute the proposed activity;
- The Applicant does not have any unresolved audit findings for prior CDBG or other federally-funded activities or projects;
- There are no pending lawsuits that would impact the implementation of this activity;
- It will comply with all statutes and regulations governing the federal Community Block Grant Program;
- The information, statements, and attachments contained in this application are, to the best of my knowledge and belief, true and correct;
- The Applicant has the ability to perform the duties for the activity applied for in accordance with the CDBG program regulations.

I authorize the Department of Public Works and Planning, Community Development Division, to contact any agency, whether or not named in this application, which may assist in determining the eligibility of the activity. All information contained in this application is acknowledged to be public information.

SECTION IV
DETAILED ACTIVITY DESCRIPTION

A. Activity Description

A complete description of the activity to be undertaken must include the activity or services to be provided, where the activity will be provided, how the activity will be provided, and whom the activity will benefit.

1. Provide a detailed description of the activity and the scope of work to be funded with CDBG grant:
   The proposed activity includes improvements to the existing restroom facilities including replacement of fixtures, painting, restoration of power to the park lighting that has been inoperable due to theft of wiring, and installation of a security camera to enhance and promote safety. The camera will be monitored by the Selma Police Department.

2. Describe how and who (i.e. low-moderate income persons, at risk youth, senior citizens, disabled persons, etc) the activity will benefit:
   The park is located in a disadvantaged area and is used primarily by the residents in that area. The restroom facilities are in need of improvements to provide an accessible and functional facility. Restoration of lighting and addition of a security camera will provide a safer environment for all residents using the park.

3. How many persons are expected to benefit from this activity __6,049__
or how many jobs will be generated or retained as a result of the activity, and how many low/mod income persons will be employed in those jobs?
   Number of jobs __0__ Number employed __0__

Note: Activities that are proposed to meet the Low/Moderate-Income National Objective by creating/retaining jobs for Low/Moderate-Income persons will require a Supplemental form to be provided by the Community Development Division after this application is submitted.
4. Describe the activity location. Provide the street address and assessor’s parcel number of the activity and/or the location of the improvements and street boundaries of the entire area that will benefit from the activity:

The activity will be performed at Ringo Park, located on the northwest corner of Nebraska and Mitchell Avenues. See attached map depicting approximate boundary of area that will benefit from the proposed activity.

Attach a site map (Attachment A) of the activity location that shows street boundaries for all areas that will benefit from the activity and outline the area around the activity that encompasses all areas that will benefit, and/or include a description of the persons that will benefit from the activity (i.e. low-moderate income persons, at risk youth, senior citizens, disabled persons, etc). Submit supporting documentation under Attachment F, Other Supporting Documentation/Maps.

5. Describe how the proposed activity will benefit the persons, neighborhood or community it will service:

The improvements proposed at Ringo Park will provide a safer environment for families to enjoy the park. Improvements to the restroom will provide an accessible and functional restroom.

6. Are the proposed activities part of a targeted revitalization effort?

☐ Yes ☒ No

If yes, submit a copy of the neighborhood or community revitalization plan (Attachment F, Other Supporting Documentation/Maps).

7. Describe other activities proposed and/or needed in the community or neighborhood that are anticipated in the next five years should funding be available (include housing, infrastructure and/or economic activities):

Overlay projects; remove and replace barriers such as unsafe sidewalks and non-compliant curb ramps; Improve the appearance of the neighborhood and local streets.
8. List any other agencies currently active in the activity area:

N/A

B. Activity Funding

List all sources of funds anticipated to be received for this activity, including other grants. If a letter of commitment from other funding sources has already been received, include a copy as supporting documentation, (Attachment D, Other Funding Commitments).

1. Community Development Block Grant (CDBG) funds: $41,370
2. Local funds: $21,630
3. Other federal funds: $62,000
4. State funds: $
5. Other funds or in-kind services: $
6. Total Activity Cost: $62,000
SECTION V
ACTIVITY READINESS

CDBG funds are required to be spent in a timely manner; therefore, the City is required to complete this activity in a timely manner. CDBG funding for Program Year 2016-2017 will become available on July 1, 2016, and funded activities can commence upon completion of a fully executed activity grant agreement with Fresno County.

A. Activity Readiness to Proceed Once Funded:

1. If selected for funding, can the activity be completed within 12 to 18 months from the date of agreement? ☒ Yes ☐ No

2. Are there weather (rain, temperature, etc) conditions that could delay construction of the activity? ☐ Yes ☒ No

If yes, explain any potential delays:

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

3. Will the activity require any PG&E activity? ☐ Yes ☒ No

If yes, explain any potential delays:

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

4. Will the activity require CalTrans or any other outside agency review or approval? ☐ Yes ☒ No

If yes, explain any potential delays:

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

5. Has environmental review subject to the California Environmental Quality Act (CEQA and/or the National Environmental Policy Act (NEPA) been completed or initiated for this activity? ☐ Yes ☒ No

Initial Study / Environmental Assessment No. ________

<table>
<thead>
<tr>
<th>CEQA</th>
<th>NEPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Initiated on:</td>
<td></td>
</tr>
</tbody>
</table>

*2016-2017 Community Development Block Grant Application Participating Cities*
6. Have any environmental reviews for CEQA and/or NEPA been completed within the last five years for other activities within ½ mile from the location of this activity? ☐ Yes (Please list appropriate information below) ☒ No

Initial Study / Environmental Assessment No. _________

CEQA

Completed on: _________

NEPA

Activity Description/Geographical Area Reviewed:

B. Identify any known facts that could delay the implementation of this activity (for example, archeological or historical environmental concerns, right of way acquisition, easements, etc.):

N/A

C. Does the applicant have site control as evidenced by supporting documentation (Attachment F, Other Supporting Documentation/Maps)?

☒ Yes ☐ No Site control is expected by ____________________
SECTION VI
ACTIVITY TIMELINE

Attach a timeline for the proposed activity, from application submittal to activity completion. Include milestones or key actions that will take place if the activity is approved for a CDBG grant by the County Board of Supervisors. Show the dates for each milestone and indicate the activity's completion date (the notice of completion date).

A sample timeline is below for your use. The first item on the timeline will be the submittal date of the application to the County. NOTE: If activity is recommended for approval, Community Development staff will contact you during preparation of the agreement. Any subsequent changes to agreement execution dates and/or timeline will be revised accordingly.

SECTION VIII
ENVIRONMENTAL REVIEW QUESTIONNAIRE
Participating Cities

The following information will be provided to the County's environmental staff to be used in the required environmental review, in accordance with Federal and State (NEPA and CEQA) regulations. All questions must be addressed and supporting documentation included. It is advised that the Activity Engineer answer the questions and sign the form. This Section is a threshold requirement which will assist in determining activity readiness.

1. Activity Name: Ringo Park Improvements

2. Existing Zone District: OS - Open Space

3. Existing General Plan Land Use Designation: OS - Open Space

4. Is the activity in conformance with local land use, circulation and drainage plans?
   Yes ☑ (include supporting documentation)   No ☐   Unknown ☐

5. Present land use: Park

6. Describe major vegetative cover: Turf

7. Proposed source of water: Cal Water

8. Proposed sewage disposal method: SKF

9. List existing physical site conditions to be improved by the activity, such as buildings, wells, pipelines, roads, etc. (if improvement is to an existing building, provide the age of the building(s) and indicate if any surrounding buildings may be 50 years or older):
   Restroom building to be improved (built in 1962).
   Are there any buildings or structures of historical or cultural value in the surrounding area?
   ☐ Yes    ☑ No
   Please describe structure and location:

10. What are the existing, surrounding land uses (e.g., agriculture, residences, school, factory)?
    Include photographs as Attachment E, Environmental Supporting Documentation:
    North: School
    East: Single Family Residential
    South: Low Density Residential and Open
    West: Undeveloped
11. If any of the following items are located within 3,000 feet of activity location, please describe and include photographs as Attachment E, Environmental Supporting Documentation:

   - Major roads/highways: Highway 43 (700' west)
   - Railroad tracks: Union Pacific Railroad approximate 2500' to the northeast
   - Water resources: NA
   - Storage tanks: NA
   - Hazard sites: NA
   - Airports: NA

12. During the next two years, if there are other similar or related activity(s) under consideration in the same geographical area, describe the activity and its proposed location.

   Attach summary as Attachment G, Other Activities

13. Identify any agencies from which a permit is required for this activity (i.e. County of Fresno, San Joaquin Valley Air Pollution Control District, CRWQCB, etc.):

   None

14. Please identify other reasonable courses of action that were considered and not selected, such as other sites, design modifications, or other uses of the subject site. Indicate why those actions were not selected.

   No other actions available to meet the needs of the existing park site.

15. Provide a written description and map (or maps) illustrating (in detail) the location and size of existing sewer, water and/or drainage lines to be replaced or installed and/or location and size of existing curb, gutter and/or sidewalk improvements to be improved or constructed.

16. Provide a written description and map (or maps) illustrating (in detail) the location and size of proposed sewer, water and/or drainage lines to be replaced or installed and/or location and size of proposed curb, gutter, and/or sidewalk improvements to be improved or constructed, and size and location of material or equipment staging areas.

17. Complete the Environmental Supplemental Questionnaire on the following page.
ENVIRONMENTAL
SUPPLEMENTAL QUESTIONNAIRE

In order to determine if this activity is ready to proceed, and meet HUD's timeliness of expenditure requirements for the CDBG Program, funded activities must be ready to proceed once an agreement with the County is executed. Please answer all of the following questions. This information will assist in determining whether the activity is ready to proceed.

1. Is the activity in conformance with your local land use, circulation, and drainage plans? (NOTE: An activity may not be accepted or processed if it does not conform to the appropriate General or Community Plan.)
   - Yes ☒ No ☐ N/A ☐

2. Will the activity require rezoning, a conditional use permit, variance, parcel map, or subdivision map?
   - ☐ ☐ ☒
   a. Will required entitlement clearances be completed by October 1, 2015?
      - ☐ ☐ ☒

3. Does the applicant have clear title to all properties involved in the activity?
   - ☒ ☐ ☐
   a. Will the applicant need to acquire real property, road rights-of-way, or easements as part of the activity? (NOTE: HUD requires compliance with its acquisition procedures.)
      - ☐ ☒ ☐
   b. Will the activity cause displacement of residents, businesses, or farms?
      - ☐ ☒ ☐
   c. Can an alternate site be selected to avoid displacement?
      - ☐ ☐ ☒

4. The applicant's operating budget includes revenues and/or mechanisms in place to maintain improvements.
   - ☒ ☐ ☐

5. Does the applicant have sufficient, qualified personnel to properly maintain the activity upon completion?
   - ☒ ☐ ☐
   a. If not, are local service fees sufficient to hire additional staff to properly maintain the activity?
      - ☐ ☐ ☒
   b. If not, is the applicant willing to raise local service fees to meet this obligation?
      - ☐ ☐ ☒
c. Does the applicant have a written maintenance plan for improvements made with CDBG funds? If yes, attach Plan as **Attachment F, Other Supporting Documentation/Maps**.

<table>
<thead>
<tr>
<th>Yes</th>
<th>No</th>
<th>N/A</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>☒</td>
<td></td>
</tr>
</tbody>
</table>

6. If required by the County, will the applicant set up a depreciation fund to replace the activity?

a. Would this requirement cause an increase in service fees?

b. If so, is the applicant willing to increase service fees to set up a fund?

</tr>
</tbody>
</table>
17. Will the activity correct or address any serious health and/or safety issues?  
   Yes ☐ No ☒ N/A ☐  
   If yes, attach correspondence the agency has received from a health or regulatory agency to demonstrate the seriousness of the problem with Attachment F, Other Supporting Documentation/Maps.

18. Is any of the land to be improved by the activity under an agricultural land conservation contract (Williamson Act)?  
   ☐ ☒ ☐  

19. Is any of the land to be improved subject to the approval of the Airport Land Use Commission due to the property's proximity to an airport?  
   ☐ ☒ ☐

To the best of my knowledge, the foregoing information is true.

Appendix 2

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PROGRAM

The CDBG Program, initiated in 1974, is a federally assisted program administered through the U.S. Department of Housing & Urban Development (HUD). Under the Program, participating cities are entitled to receive a certain annual allocation for various housing and community development activities. The following is a list of eligible and ineligible activities. In addition to eligibility, a proposed activity must be determined to meet a National Objective, which analysis is performed by Community Development staff.

ELIGIBLE ACTIVITIES

I. Public Facility and Infrastructure Improvements (includes acquisition, construction, reconstruction, rehabilitation or installation of the following types of activities on publicly-owned infrastructure and facilities)

   A. Water System Improvements - Acquisition of private systems, installation of new systems, extensions to under-served areas and improvements to existing systems.

   B. Sewer System Improvements - Extensions to non-sewered areas, replacement of existing lines, connections of private properties, and improvements to sewer treatment plants.

   C. Street and Drainage Improvements - Drainage basins and lines, streets, curbs, gutters, sidewalks, lights, bridges, and canal undergrounding.

   D. Fire Protection Improvements - Fire stations, hydrants, and fire protection equipment.

   E. Neighborhood Facilities - Single or multi-purpose facilities to provide health, social, recreational, or similar services as well as branch libraries and facilities for specific groups, such as senior citizens and the handicapped.

   F. Parks & Recreation Facilities - Site acquisition, development and improvements to new and existing parks, playgrounds and other recreational facilities.

   G. Solid Waste Facilities & Equipment
H. Removal of Architectural Barriers (curb cuts, park improvements, and improvements to public buildings to meet ADA requirements)

I. Energy Conservation Measures

II. Housing Rehabilitation and Down Payment Assistance

- Rehabilitation of properties including privately owned homes and commercial or industrial building
- Down payment / mortgage assistance

III. Special Economic Development*

- Grants, loans, loan guarantees, interest subsidies to businesses
- Business incubator construction

IV. Public Services

- Employment Training
- Crime Prevention
- Child Care
- Recreation, Senior and Youth Center Programs
- Help for the Needy/Homeless

V. Historic Preservation

VI. Property Acquisition and Disposition

VII. Property Clearance

VIII. Targeted Proactive Code Enforcement

IX. Commercial or Industrial Rehabilitation

* Requires Supplemental Forms, contact Community Development office
INELIGIBLE ACTIVITIES

Activities involving the following are ineligible activities under the CDBG Program:

I. Civic Buildings - such as city halls, courthouses, police stations

II. Operating and/or maintenance expenses

III. Political activities

IV. Purchase of equipment – furnishings and personal property (except for fire protection equipment)

V. New housing construction - except under conditions identified in Section 570.207(b)(3) of the CDBG Program regulations (Contact County staff)
Appendix 3

Every activity proposal **MUST** contain evidence of citizen participation and support for the proposal. This evidence must include documentation of at least one Public Hearing at which the specific activity was discussed and opportunities provided for citizen input.

**SAMPLE PRESS RELEASE/PUBLIC NOTICE**

__________________________

to Consider Proposals
for CDBG Grant Funds

The __________________________ (Insert Applicant Name) will hold a public hearing to consider activities that could be financed by the Federal Community Development Block Grant (CDBG) Program.

The meeting will be held on ____________, 2015, at _____ p.m. in the ____________________, located at __________________________. Interested individuals and organizations are encouraged to attend to voice activity recommendations for their community or neighborhood.

The Community Development Block Grant (CDBG) is a Federal grant program administered by Fresno County to address housing and community development needs of low- and moderate-income persons. Types of eligible activities include (public works improvements such as water, sewer, streets and drainage, fire protection facilities and equipment, solid waste facilities, libraries and community centers.)

For further information, please contact the __________________________ (Applicant/Agency Name) at (559) _______________ or the Fresno County Community Development office at (559) 600-4292.

RESOLUTION NO. 2014 – 59R

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SELMA
AWARDING CONSULTANT AGREEMENT TO GATEWAY ENGINEERING
FOR PRELIMINARY ENGINEERING FOR THE COMMUNITY DEVELOPMENT
BLOCK GRANT (CDBG) PROJECTS IN THE CITY OF SELMA FOR THREE

WHEREAS, the City of Selma has requested proposals for the engineering for
the reconstruction of various streets and alleyways in the City of Selma from five
engineering firms; and

WHEREAS, the City of Selma has received funding from Community
Development Block Grant (CDBG); and

WHEREAS, the proposals were opened on May 30, 2014; and

WHEREAS, Gateway Engineering was the most qualified consulting firm.

NOW THEREFORE BE IT RESOLVED, that the City Council of the City of
Selma does hereby resolve as follows:

1. That the contract for preliminary engineering for the current fiscal year
   2014/2015 project is hereby awarded to Gateway Engineering in the amount
   of $27,400.00.
2. That the consultant agreement for the engineering for the said project is
   hereby approved.
3. That the City Manager is hereby authorized and directed to execute the same
   on behalf of the City of Selma.
4. That fee proposals will be requested from Gateway Engineering accordingly
   each fiscal year for the CDBG projects in 2015/2016 and 2016/2017.

The foregoing Resolution was duly adopted at a regular meeting of the Selma
City Council on December 1st, 2014 by the following vote, to wit:

AYES: 4 COUNCIL MEMBERS: Derr, Avalos, Montijo, Rodriguez, Robertson
NOES: 0 COUNCIL MEMBERS: None

PROVISIONS OF AGREEMENT

Client and Consultant agree that the following provisions shall be part of this agreement:

SCOPE OF SERVICES
1. Consultant makes no warranty, either express or implied, as to its findings, recommendations, plans, specifications, or professional advice except that the services were performed pursuant to generally accepted standards of professional practice in effect at the time of performance.
2. Client acknowledges that Consultant is not responsible for the performance of work by third parties including, but not limited to, the construction contractor and its subcontractors.
3. Estimates of land areas provided under this agreement are not intended to be, nor should they be considered to be, precise. The estimate will be performed pursuant to generally accepted standards of professional practice in effect at the time of performance.
4. If the scope of services includes Consultant's assistance in applying for governmental permits or approvals, Consultant's assistance shall not constitute a representation, warranty or guarantee that such permits or approvals will be acted upon favorably by any governmental agency.
5. If the scope of services to be provided by Consultant pursuant to the terms of this agreement includes an ALTA survey, Client agrees that Consultant may sign one of the ALTA survey statements attached to this agreement and incorporated herein by reference. In the event Consultant is required to sign a statement or certificate which differs from the ALTA survey statements contained in the agreement, Consultant hereby agrees to indemnify and hold Consultant harmless from any and all liability arising from or resulting from the signing of any statement which differs from those statements contained in the agreement.
6. If the scope of services to be provided by Consultant pursuant to the terms of this agreement includes the preparation of grading plans but excludes construction staking services, Client acknowledges that such staking services normally include coordinating civil engineering services and the preparation of record drawings based upon information provided by others, and Client will be required to retain such services from another consultant or pay Consultant pursuant to this agreement for such services as extra services in accordance with paragraph 8.
7. If the scope of services requires Consultant to estimate quantities, such estimates are made on the basis of Consultant's experience and qualifications and represent Consultant's best judgment as a professional generally familiar with the industry. However, such estimates are only estimates and shall not constitute representations, warranties or guarantees of the quantities of the subject of the estimate. If the scope of services requires Consultant to provide an opinion of probable construction costs, such opinion is to be made on the basis of Consultant's experience and qualifications and represents Consultant's best judgment as to the probable construction costs. However, since Consultant has no control over costs or the price of labor, equipment or materials, or over the contractor's method of pricing, such opinions of probable construction costs do not constitute representations, warranties or guarantees of the accuracy of such opinions, as compared to bid or actual costs.
8. Client agrees that if Client requests services not specified in the scope of services described in this agreement, Client will pay for all such additional services as extra services, in accordance with Consultant's billing rates utilized for this contract. Examples of such additional services include, but are not limited to:
   • Additional office or field services required due to any governmental agency changes in ordinances, codes, policies, procedures or requirements after the date of this agreement.
   • The cost of restaking in the event that any staking or record monuments are destroyed, damaged or disturbed by an act of God or parties other than Consultant.
   • Clarifications, adjustments, modifications and other changes due to field and other conditions that change by the time project construction occurs.
   • The costs of all checking and inspection fees, zoning and annexation application fees, assessment fees, soils or geotechnical engineering fees, soils or geotechnical testing fees, aerial topography fees, and all other fees, permits, bond premiums, applicable taxes on professional services, title company charges, blueprints and reproductions, and all other similar charges not specifically covered by the terms of this agreement.
   • All of the costs of preparation, examination and filing of Record of Survey or Corner Record.
   • Extra work caused by delays beyond Consultant's reasonable control by reason of strikes, lockouts, work slowdowns or stoppages, accidents, acts of God, failure of Client to furnish timely information or approve or disapprove of Consultant's services or instruments of service promptly, or faulty performance by Client or other contractors or governmental agencies.
   • Any extra work performed by Consultant due to changed field or other conditions which necessitate clarifications, modifications or other changes to the plans, specifications, estimates or other documents prepared by Consultant.

CONSTRUCTION SERVICES
9. If the scope of services contained in this agreement does not include construction phase services for this project, Client acknowledges such construction phase services will be provided by Consultant or by others and Client assumes all responsibility for interpretation of the contract documents and for construction observation and supervision and waives any claim against Consultant that may in any way be connected thereto. In addition, Client agrees to indemnify and hold Consultant harmless from any loss, claim, or cost, including reasonable attorneys' fees and costs of defense, arising or resulting from the performance of such services by other persons or entities and from any and all claims arising from the modification, clarification, interpretation, adjustments or changes made to the contract documents to reflect changed field or other conditions, except for claims arising from the sole negligence or willful misconduct of Consultant.
10. Client agrees that in accordance with generally accepted construction practices, the construction contractor and construction subcontractors will be required to assume sole and complete responsibility for job site conditions during the course of construction of the project, including safety of all persons and property, and that this requirement shall apply continuously and not be limited to normal working hours. Neither the professional activities of Consultant nor the presence of Consultant or their employees or subconsultants at a construction site shall relieve the contractor and its subcontractors of their obligations, duties and responsibilities including, but not limited to, construction means, methods, sequence, techniques or procedures necessary for performing, supervising or coordinating all portions of the work of construction in accordance with the contract documents and applicable health or safety requirements of any regulatory agency or of state law.
11. Client agrees to require its contractor and subcontractors to review the plans, specifications and documents prepared by Consultant prior to the commencement of construction phase work. If the contractor and/or subcontractors determine there are deficiencies, conflicts, errors, omissions, code violations, improper uses of materials, or other deficiencies in the plans, specifications and documents prepared by Consultant, Consultant and subcontractors shall notify Client so those deficiencies may be corrected by Consultant prior to the commencement of construction phase work.
12. If during the construction phase of the project Client discovers or becomes aware of changed field or other conditions which necessitate clarifications, modifications or other changes to the plans, specifications, estimates or other documents prepared by Consultant, Client agrees to notify Consultant and retain Consultant to prepare the necessary changes or modifications after construction activities proceed. Further, Client agrees to require a provision in its construction contracts for the project which requires the contractor to promptly notify Client of any changed field or other conditions so that Client may in turn notify Consultant pursuant to the provisions of this paragraph.
13. Client agrees to purchase and maintain, or cause Contractor to purchase and maintain, during the course of construction, builder's risk "all risk" insurance which will name Consultant as an additional named insured as its interest may appear.
DOCUMENTS
14. Client acknowledges all reports, plans, specifications, field data and notes and other documents, including all documents on electronic media, prepared by Consultant are instruments of service, and shall remain the property of Consultant and may be used by Consultant without the consent of Client. Client agrees to retain all common law, statutory law and other rights, including copyrights. Upon request and payment of all costs involved, Client is entitled to a copy of all final plans and specifications for use in connection with the project for which the plans and specifications have been prepared. Client acknowledges that its right to utilize final plans and specifications and the services of Consultant provided pursuant to this agreement will continue only so long as Client is not in default, pursuant to the terms and conditions of this agreement, and Client has performed all its obligations under this agreement.

15. Client agrees not to reuse electronic files, in whole or in part, for any purpose or project other than the project that is the subject of this agreement. Client agrees not to transfer these electronic files to others without the prior written consent of Consultant. Client further agrees to waive all claims against Consultant resulting in any way from any unauthorized changes or reuse of the electronic files for any other project by anyone other than Consultant. In the event of a conflict between the signed construction documents prepared by Consultant and electronic files, the signed and stamped or sealed hard copy construction documents shall govern.

16. Client agrees not to use or permit any other person to use plans, specifications, drawings, cost estimates, reports or other documents prepared by Consultant which plans, specifications, drawings, cost estimates, reports or other documents are not final and which are not signed and stamped or sealed by Consultant. Client shall be responsible for any such use of non final plans, specifications, drawings, cost estimates, reports or other documents not signed and stamped or sealed by Consultant. Client hereby waives any claim for liability against Consultant for such use. Client further agrees that final plans, specifications, drawings, cost estimates, reports or other documents are for the exclusive use of Client and may be used by Client only for the project described by this agreement. If signed check prints are required to be submitted with a stamp or seal, they shall not be considered final for purposes of this paragraph.

17. In the event (1) Client agrees to, authorizes, or permits changes in the plans, specifications or documents prepared by Consultant, which changes are not consented to in writing by Consultant, or (2) Client agrees to, authorizes, or permits construction of unauthorized changes in the plans, specifications or documents prepared by Consultant, which changes are not consented to in writing by Consultant, or (3) Client does not follow recommendations prepared by Consultant pursuant to this agreement, which changes are allowed to be made on the project and shall be deemed a material breach of this contract, and Consultant agrees to not be responsible for such unauthorized changes and their effects. Client further agrees to defend, indemnify and hold harmless Consultant, its officers, directors, agents, employees and subconsultants from and against all claims, demands, damages or costs, including attorneys' fees, arising from the unauthorized changes.

LIMITATIONS
18. Consultant makes no representations concerning soils or geological conditions unless specifically included in writing in this agreement, or by amendments to this agreement, and shall not be responsible for any liability that may arise out of the making or failure to make soils or geological surveys, subsurface soils or geological tests, or general soils or geological testing.

19. Client acknowledges that Consultant’s scope of services for this project does not include any services related in any way to asbestos and/or hazardous or toxic materials. Should Consultant or any other party encounter such materials on the job site, or should it in any way become known that such materials are present or may be present on the job site or any adjacent or nearby areas which may affect Consultant’s services, Consultant may, at its option, suspend or terminate work on the project until such time as Client retains a qualified contractor to abate and/or remove the asbestos and/or hazardous or toxic materials and warrant that the job site is free from any hazard which may result from the existence of such materials.

20. Client agrees to defend, indemnify and hold harmless Consultant, its officers, directors, principals, employees and subconsultants from any asbestos and/or hazardous or toxic material related claims that may be brought by third parties as a result of the services provided by Consultant pursuant to this agreement, except claims caused by the sole negligence or willful misconduct of Consultant.

21. Client agrees to limit the liability of Consultant, its principals, employees and subconsultants, to Client and to all contractors and subcontractors on the project, for any claim or action arising in tort, contract, or strict liability, to the sum of $25,000 or Consultant’s fee, whichever is greater.

FINANCIAL
22. All fees and other charges due Consultant will be billed monthly and shall be due at the time of billing unless specified otherwise in this agreement. If Client fails to pay Consultant within thirty (30) days after invoices are rendered, Consultant shall have the right in its sole discretion to consider such default in payment a material breach of this entire agreement, and, upon written notice, Consultant's duties, obligations and responsibilities under this agreement may be suspended or terminated. In such event, Client shall promptly pay Consultant for all outstanding fees and charges due Consultant at the time of suspension or termination. If Consultant elects to suspend or terminate Consultant’s services pursuant to this provision, Consultant is entitled to reasonable suspension or termination costs or expenses.

23. Client agrees that all billings from Consultant to Client are correct and binding on Client unless Client, within ten (10) days from the date of receipt of such billing, notifies Consultant in writing of alleged inaccuracies, discrepancies, or errors in billing.

24. Client agrees to pay a monthly late payment charge, which will be the lesser of one and one half percent (1 - 1/2%) per month or a monthly charge not to exceed the maximum legal rate, which will be applied to any unpaid balance commencing thirty (30) days after the date of the billing.

25. In the event Consultant’s fee schedule changes due to any increase of costs such as the granting of wage increases and/or other employee benefits to field or office employees or any taxes or fees imposed by local, state, or federal government on consultants’ fees during the lifetime of this agreement, a percentage increase shall be applied to all remaining compensation.

26. If payment for Consultant’s services is to be made on behalf of Client by a third party lender, Client agrees that Consultant shall not be required to indemnify the third party lender, in the form of an endorsement or otherwise, as a condition to receiving payment for services.

OTHER
27. Client and Consultant agree to cooperate with each other in order to fulfill their responsibilities and obligations under this agreement. Both Client and Consultant shall endeavor to maintain good working relationships among members of the project team.

28. This agreement shall be binding upon the heirs, executors, administrators, successors and assigns of Client and Consultant.

29. This agreement shall not be assigned by either Client or Consultant without the prior written consent of the other.

30. This agreement contains the entire agreement between Client and Consultant relating to the project and the provision of services for the project. Any prior agreements, promises, negotiations or representations not expressly set forth in this agreement are of no force or effect. Subsequent modifications to this agreement shall be in writing and signed by both Client and Consultant.

31. Consultant's or Client's waiver of any term, condition or covenant shall not constitute the waiver of any other term, condition or covenant. Consultant's or Client's waiver of any breach of this agreement shall not constitute the waiver of any other breach of the agreement.

32. If any term, condition or covenant of this agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions shall be void and binding on Consultant and Client.

33. This agreement shall be governed by and construed in accordance with the laws of the State of California.

34. Client acknowledges Consultant has the right to complete all services agreed to be rendered pursuant to this agreement. In the event this agreement is terminated before the completion of all services, unless Consultant is responsible for such early termination, Client agrees to release Consultant from all liability for services performed. In the event all or any portion of the services by Consultant are suspended, abandoned, or otherwise
terminated, Client shall pay Consultant all fees and charges for services provided prior to termination, not to exceed the contract limits specified herein, if any. Client acknowledges if the project services are suspended and restarted, there will be additional charges due to suspension of the services which shall be paid for by Client as extra services pursuant to paragraph 8. Client acknowledges if project services are terminated for the convenience of Client, Consultant is entitled to reasonable termination costs and expenses, to be paid by Client as extra services pursuant to paragraph 8.

35. Consultant shall be entitled to immediately, and without notice, suspend the performance of any and all of its obligations pursuant to this agreement if Client files a voluntary petition seeking relief under the United States Bankruptcy Code or if there is an involuntary bankruptcy petition filed against Client in the United States Bankruptcy Court, and that petition is not dismissed within fifteen (15) days of its filing. Any suspension of services made pursuant to the provisions of this paragraph shall continue until such time as this agreement has been fully and properly assumed in accordance with the applicable provisions of the United States Bankruptcy Code and in compliance with final order or judgment issued by the Bankruptcy Court. If the suspension of performance of Consultant’s obligation pursuant to this agreement continues for a period in excess of ninety (90) days, Consultant shall have the right to terminate all services pursuant to this agreement.

36. This agreement shall not be construed to alter, affect or waive any design professional’s lien, mechanic’s lien or stop notice right, which Consultant may have for the performance of services pursuant to this agreement. Client agrees to provide to Consultant the present name and address of the record owner of the property upon which the project is to be located. Client also agrees to provide Consultant with the name and address of any and all lenders who may loan money on the project and who are entitled to receive a preliminary notice.

37. Consultant shall not be liable for damages resulting from the actions or in actions of governmental agencies including, but not limited to, permit processing, environmental impact reports, dedications, general plans and amendments thereto, zoning matters, annexations or consolidations, use or conditional use permits, project or plan approvals, and building permits. Client agrees that it is the responsibility of Client to maintain in good standing all governmental approvals or permits and to timely apply for any necessary extensions thereof.

**DISPUTE RESOLUTION**

38. MEDIATION: Client and Consultant agree to mediate any dispute or claim arising between them out of this Agreement, or any resulting transaction before resorting to arbitration or court action, subject to Paragraph 39(B) below. Paragraph 39(B) below applies whether or not the arbitration provision is initiated. Mediation fees, if any, shall be divided equally among the parties involved. If, for any dispute or claim to which this paragraph applies, any party commences an action based on a dispute or claim to which this paragraph applies, without first attempting to resolve the matter through mediation, or refuses to mediate after a request has been made, then that party shall not be entitled to recover attorney fees, even if they would otherwise be available to that party in any such action. THIS MEDIATION PROVISION APPLIES WHETHER OR NOT THE ARBITRATION PROVISION IS INITIATED.

39. ARBITRATION OF DISPUTES:

(A) Client and Consultant agree that any dispute or claim in law or equity arising between them regarding the obligation to pay compensation under this agreement, which is not settled through mediation, shall be decided by neutral, binding arbitration, including and subject to paragraph B(2) below. The arbitrator shall be a retired judge or justice, or an attorney with at least 5 years of contract, construction or real estate law experience, unless the parties mutually agree to a different arbitrator, who shall render an award in accordance with substantive California Law. The parties shall have the right to discovery in accordance with Code of Civil Procedure § 1283.05. In all other respects, the arbitration shall be conducted in accordance with Title 9 of Part III of the California Code of Civil Procedure. Judgment upon the award of the arbitrator(s) may be entered in any court having jurisdiction. Interpretation of this agreement to arbitrate shall be governed by the Federal Arbitration Act.

(B) EXCLUSIONS FROM MEDIATION AND ARBITRATION: The following matters are excluded from mediation and arbitration hereunder: (i) a judicial or non-judicial foreclosure or other action or proceeding to enforce a deed of trust, mortgage, or installment land sale contract; (ii) an unlawful detainer action; (iii) the filing or enforcement of a mechanic’s lien; and (iv) any matter that is within the jurisdiction of a probate, small claims, or bankruptcy court. The filing of a court action to enable the recording of a notice of pending action, for order of attachment, receivership, injunction, or other provisional remedies, shall not constitute a waiver of the mediation and arbitration provisions.

"NOTICE: BY INITIALING IN THE SPACE BELOW YOU ARE AGREEING TO HAVE ANY DISPUTE ARISING OUT OF THE MATTERS INCLUDED IN THE ARBITRATION OF DISPUTES’ PROVISION DECIDED BY NEUTRAL ARBITRATION AS PROVIDED BY CALIFORNIA LAW AND YOU ARE GIVING UP ANY RIGHTS YOU MIGHT POSSESS TO HAVE THE DISPUTE LITIGATED IN A COURT OR JURY TRIAL. BY INITIALING IN THE SPACE BELOW YOU ARE GIVING UP YOUR JUDICIAL RIGHTS TO DISCOVERY AND APPEAL, UNLESS THOSE RIGHTS ARE SPECIFICALLY INCLUDED IN THE ‘ARBITRATION OF DISPUTES’ PROVISION. IF YOU REFUSE TO SUBMIT TO ARBITRATION AFTER AGREEING TO THIS PROVISION, YOU MAY BE COMPelled TO ARBITRATE UNDER THE AUTHORITY OF THE CALIFORNIA CODE OF CIVIL PROCEDURE. YOUR AGREEMENT TO THIS ARBITRATION PROVISION IS VOLUNTARY."

"WE HAVE READ AND UNDERSTAND THE FOREGOING AND AGREE TO SUBMIT DISPUTES ARISING OUT OF THE MATTERS INCLUDED IN THE ‘ARBITRATION OF DISPUTES’ PROVISION TO NEUTRAL ARBITRATION"

/ / Client

/ / Consultant

40. In any action, proceeding or arbitration between Client and Consultant, regarding the obligation to pay compensation under this Agreement, or arising from or related to the services provided under this Agreement, the prevailing party shall be entitled to reasonable attorney fees, court costs and other related costs and expenses, from the non-prevailing party, except as provided in Paragraph 38.
ATTACHMENT G

Other Activities
DISCUSSION: Council is exploring the possibility of purchasing the equipment and services necessary to establish live video streaming of City Council meetings to be broadcast over the City website. Council previously authorized and Staff did issue a request for proposals and made similar solicitations to known providers. The City has received only two proposals, one from Valley Network Solutions and one from STUDIO Spectrum Inc. (Spectrum). There are very significant differences between the two bids.

The bid by Spectrum Inc is for $21,833.65. Spectrum is located in Burbank. Valley Network Solutions, located in Fresno, proposes to do the same work for $8,592.30. It is unknown whether the various cameras, cables, monitors and other equipment to be provided by Valley Network Solutions is inferior, superior, or equal to the various components being offered by Spectrum, although the various component parts appear to be priced at or around the same level. Both bids provide for a subscription charge to allow for the streaming video service. The monthly fee proposed for that service by Valley Network Solutions is $400 for a total 12 month price of $4,800. Spectrum, is proposing a one year charge of $2,360.23 (roughly half of what is proposed by Valley Network Solutions). The subscription price proposed by Valley Network Solutions, however, provides for unlimited streaming. The proposal by Spectrum appears to provide for limited video streaming in terms of hours of use, so it is possible that the $2,360.23 price for that service might increase. In either case, the subscription has to be renewed annually. There is, therefore, an annual cost of between $2,360.23 and $4,800 that will be incurred each and every year.

Valley Network Solutions apparently has an existing relationship with the City and with the cities of Firebaugh and Orange Cove, as persons at all three cities have been included as references for that company in its proposal. Spectrum does not provide references. Overall suitability of the equipment provided can likely be determined through inquiry to each bidder.

Assuming the equipment to be provided is comparable, the bids are essentially for the same thing and the price proposed by Valley Network Solutions is roughly a third of the price proposed by Spectrum.

Council will need to discuss and provide direction on the increased budgeted amount for IT Staff time of approximately $8,000-$10,000 subject to change if Council approves translation and ADA Compliance (closed captioning).
### COST:

Selma, CA 93662

Dear Sir or Madam:

Thank you for allowing Valley Network Solutions to provide you this proposal in response to your RFP for Meeting Video Streaming and Archiving. We will be partnering with Granicus, the leader in governmental meeting video solutions.

Through Granicus’ experience working with over 1,100 government entities they have found that their most successful projects start with clear communication, a common understanding of the procedure and regular validation that we indeed understand each other and share the same process.

Granicus’ solution that we feel will most meet your need is their Government Transparency Suite. It’s a hybrid system with onsite video encoder and cloud-based video streaming and archiving. GTS is a subscription based solution.

Solution deployment and training will take approximately 8 weeks, and is based on the client’s availability.

Sincerely,

Eric Freitas
Inside Account Manager

Valley Network Solutions will be partnering with Granicus to provide the RFP solution. All implementation and training services will be provided by Granicus engineers. Valley Network Solutions will install the physical video encoder onsite, to be racked along side City of Selma’s current servers.

Granicus is the worlds most experienced provider of government transparency, citizen participation, meeting efficiency, and legislative management solutions with:

• Over 1,100 clients in all 50 states, at every level of government.
• Over 31 million government webcasts viewed
• More than 265,350 government meetings online
• First fully integrated legislative workflow management system for local government
• Certified integrations provide flexibility and choice of agenda workflow solutions
• Only government webcasting service to provide encoding, minutes annotation, transcription, and closed captioning services
• Truly unlimited storage and distribution for all meeting bodies and non-meeting content
• Indefinite retention schedules for all archived meeting and non-meeting content
• Only provider of both government webcasting and citizen engagement services
• 24/7/365 customer service and support
• 97% customer satisfaction rating, 98.5% client retention rating

Meeting Video Streaming and Archiving RFP

Description of Proposed Solution

GOVERNMENT TRANSPARENCY SUITE

The Government Transparency Suite gives your citizens greater access to public meetings and records online. Take the next step towards transparency and stream meetings and events live, link related documents to your video, and provide advanced searching of archives. The Government Transparency Suite gives you unlimited cloud bandwidth and storage as well as local live and on-demand streaming for up to 50 concurrent viewers. This Suite also allows you to connect agenda data to the iPad to review agendas and supporting documents, take notes, and more through the iLegislate® application. Click here for more information on the Government Transparency Suite.

- Give citizens convenient access to live and archived streaming through your website
- Reduce public inquiries with searchable, self-service access online
- Import agendas and index video live to eliminate hours of work
- Manage and distribute unlimited meetings and events—all completely automated
- Reach a broader audience—integrate closed captions with video
- Understand and measure public participation with in-depth video analytics

GRANICUS ENCODING APPLIANCE

The Granicus Encoding Appliance is designed and built for our platform and streaming protocols to provide government organizations with superior live and on-demand webcasting performance. The hardware is pre-configured and delivered ready to stream. Simply connect power, network and an audio/video source. Full appliance control is available through a web browser or locally installed client application.

- Provides live and on-demand streaming—online and via mobile devices
- Remote systems monitoring and Granicus maintenance updates
- 500 GB of local storage (approximately 1,000 hours of archive content)
- Facilitates internal streaming across your local area network (LAN)—up to 50 concurrent viewers
- Supports extraction and display of embedded closed captions to help maintain ADA compliancy
- Faster archive upload times, less video buffering
- H.264 video codec encoding
- HTML5 and Flash compatible streaming delivery

Granicus’ hosted infrastructure supports the encoding appliance and offers unlimited bandwidth, storage and the highest security standards through a cloud-based platform. Our remote, proactive system monitoring guarantees faster response time, predicts problems before they arise, and helps reduce the cost of IT support and maintenance. The Granicus team works around-the-clock to ensure your applications are protected and operating smoothly. This ensures long-lasting success with our technologies while maximizing your solution's performance.

Government Transparency Suite includes the video encoder, all software, and training services.

The Monthly Subscription includes unlimited video streaming and archiving.

Video cameras are AXIS P3364-LV, and will be mounted in the Council Chamber by VNS.

City of Selma will be billed by VNS for the Government Transparency Suite, the cameras, and the services rendered by VNS. Granicus will bill the monthly subscription separately.
September 14, 2015

City of Selma
Meeting Video Streaming and Archiving RFP

Hardware and Software:

All hardware required for the solution is included in the proposal. The hardware consists of the Granicus Encoding Appliance and two AXIS IP video cameras which will be installed by VNS staff.

The Government Transparency Suite will installed by Granicus staff.

No other hardware or software is required.

Support, Maintenance and Upgrades:

VNS will maintain the AXIS IP video cameras as part of the City of Selma’s ongoing NetCare support agreement.

All support, maintenance and upgrades in regards to the Granicus Government Transparency Suite and the Encoding Appliance will be performed by Granicus remotely.

Rights to Data and Content:

City of Selma retains all rights to content generated and/or stored via the Granicus Government Transparency Suite Solution. Media is fully exportable to a standard format without the need for a custom license. There is no cost to the City to export the data.

Contract Termination:

Information regarding termination in Granicus clients was not provided. If the weight of this information is a determining factor, that information can be obtained via a request to Granicus.

Business License:

Valley Network Solutions, Inc. and Granicus do not have a City of Selma business license.

Standard Agreement:

Valley Network Solutions, Inc. agrees to the terms of the Standard Agreement.

Government Transparency
Promote accountability and build public trust.

Transparency around public meetings is more important than ever. Citizens want to learn about policy decisions that affect their lives and see how their tax dollars are being spent. But, the burden and expense of managing this information is time consuming for government employees and can be cumbersome for citizens to find at complex government websites. What if you could automate this process and make it incredibly convenient for everyone?

The Government Transparency Suite helps agencies give access to all public meetings and important records online and creates an unprecedented level of openness. Leveraging a powerful media management solution, organizations can easily publish content on their website, link related documents, and provide keyword searching for citizens. Using reports on visitor trends, agencies can quickly gauge interest in the most important issues.

Manage and broadcast government media online:
- Give citizens continuous access to live and archived meetings through your website.
- Reduce travel costs with automated teleconference access.
- Import agendas and index meetings to eliminate hours of work.
- Manage and distribute video and documents.
- Provide an easy-to-use platform.
- Reach a broader audience, integrate closed captions, and video.
Transparency around public meetings is more important than ever. Citizens want to learn about policy decisions that affect their lives and see how their tax dollars are being spent. The Government Transparency Suite helps agencies give access to all public meetings and important records online and creates an unprecedented level of openness. Leveraging a powerful media management solution, organizations can easily publish content on their website, link related documents, and provide keyword searching for citizens. Using reports on visitor trends, agencies can quickly gauge interest in the most important issues.
Conveniently deliver media online and increase transparency

Increase convenience with access any time, from anywhere
Citizens and staff can watch live streaming broadcasts or play archived videos through your website. Viewers can quickly jump to any topic through index points to review only the information that is important to them.

Maximize public access with a searchable integrated public record
Empower citizens to find what they need through a searchable public record on your website. All meeting audio, video, minutes, and agendas are tightly integrated together. Citizens can subscribe to your agenda or a particular search to get real-time notifications when new content is available.

Ensure ADA compliance with a closed captioning integration
Easily stream meetings with scrolling closed captions. Quickly access and publish a full transcript and even search for any word spoken on video.

Review and annotate paperless meeting materials on the iPad
Staff and elected members can review agendas and supporting documents, as well as bookmark and take notes on items, through a native iPad application.
Award-winning, proven streaming solution for local, state, and federal agencies

**Unparalleled streaming performance and reliability**
Reduce the burden on IT staff by leveraging a world-class hosted infrastructure and an on-site media server, backed by a comprehensive maintenance program.

**Unlimited bandwidth, unlimited storage, and intelligent routing**
Store files redundantly and intelligently route media to avoid network congestion. Our proven streaming solution ensures quality, speed and reliability. Get permanent storage, back-ups, systems monitoring, and dedicated support.

**Simplify media management through automation**
Schedule events to broadcast live or record from any video source including cable, camera, VHS, or DVD. Archived files automatically transfer to internal and external distribution networks and are instantly published to the web.

**Save hours of time by importing agendas & indexing in real-time**
Import agendas and index video live during the meeting. After the meeting, produce a public record with the agenda linked to the video.

**Understand viewership with in-depth metrics and reporting**
Check out the public engagement level, mobile usage, page visits, visitor location, originating links, and more, instantly on the video analytics page.
Elected Official
Citizen collaboration and building trust through transparency

Fast Facts
- 2,517+ meeting bodies and 7,000+ elected officials use Granicus
- Granicus is currently hosting 4,000+ legislative research portals online
- Over 109 Million public meetings are webcasted with Granicus

How can you benefit?
Elected officials at the local, state, and federal level are increasingly emphasizing the importance of transparent government, empowered citizens, and responsive services. Technology is becoming a top way for government officials to meet these objectives. Granicus understands this better than anyone. We have helped thousands of governing bodies revolutionize their transparency, policy-making, and citizen collaboration strategies using the latest technologies for more than a decade.

Learn why elected officials trust Granicus to help them strengthen their communities!

Robert Pinkerton
Mayor
South Padre Island, TX

Benefits

Promote transparency and build trust. Increasing transparency and accountability remains a top initiative in government. Transparency strengthens public trust and instills confidence in democracy. Granicus specializes in helping government leaders promote open government using the latest technologies, including online video, citizen collaboration, and powerful legislative research tools located centrally on your website. Our goal is to simplify public access to the democratic process. With Granicus, your audiences can instantly research, subscribe to, and share public meeting topics and legislation that interests them most.

Run the most efficient legislative process. Granicus technologies are proven to help elected officials attain the highest levels of efficiency in their public meetings and throughout the legislative process. Thousands of governing bodies use our touch-screen voting and digital agenda and minutes solutions to significantly reduce amount of time, manual effort, and paper required to process legislation. This results in streamlined legislative workflows from start to finish. These technologies also provide fast and convenient ways to review your meeting materials instantly online and on-the-go with our paperless agenda iPad app. They even streamline your recordkeeping process — ensuring your actions and decisions are accurately recorded, retained, and distributed.

Encourage citizen involvement. Citizen involvement is vital to democracy. Elected officials want to encourage participation through new technologies; however, finding an efficient way to manage and respond is always a challenge. Granicus simplifies this through a convenient web-based forum. We help you collect, track, and manage input and ideas from the community about the policy, programs, and services that matter most to them. We also give your staff the tools to easily manage and measure this feedback to help you stay responsive.

Replace paper agendas with iPads. More than ever, governments are planning or implementing the use of iPads to eliminate paper, improve efficiency, and cut costs in their public meetings. Granicus offers the leading iPad application for paperless agendas, it's called iLegislate. Elected members use it to review meeting agendas and supporting documents, annotate notes, bookmark items of interest, and even playback archived meeting videos. Because agenda data syncs automatically to our legislative solutions and the Granicus cloud, there is no risk of data loss and you always have the latest version of the agenda packet at your fingertips.

Recommended Solutions for Elected Officials

- **Government Transparency Suite**
  Online tools for open government research, powerful reporting, iPad & mobile media

- **Citizen Participation Suite**
  Online collaboration tools to facilitate a meaningful civic dialogue

- **Meeting Efficiency Suite**
  Live & post-meeting management tools, meeting process automation

- **Legislative Management Suite**
  Total agenda management: automation of the entire legislative clerical process, including referral and approval workflows

Recommended Professional Services

- **On Location Webcasting Services**
- **Minutes Annotation Services**
- **Transcription Services**

www.granicus.com
The City of Stockton, Calif., like many local governments today, is always looking for new ways to serve citizens through technology. Whether it's providing access to government meetings online through web streaming or improving the agenda management process to get information to the public sooner, Stockton's staffers have prided themselves on using technology to make it easier to do the "business of government."

But in early 2014, city officials determined the way they managed appointments and recruitment for their boards and commissions didn't meet this standard.

When Granicus released its Boards and Commissions application in March 2014, the City of Stockton became one of the first to adopt the technology, with a goal of taking a labor-intensive, paper-heavy process and streamlining it.

The amount of paper savings has been huge. We rarely print anything. We only took paper applications before, but now, we've gone almost completely digital and paperless.

- Eliza Garza, Senior Deputy City Clerk

Success Highlights

- Vastly reduced paper usage in the office by taking nearly the entire boards and commissions process digital
- Achieved greater visibility to citizens with automatic vacancy notifications and application deadline updates
- Reduced the amount of time needed to train new staff on boards and commissions management
- Made regulatory and state reporting easier with easily exportable and sortable data
- Increased number of citizen applications for boards and commissions openings by moving application process online

Fast Facts

Agency Type: Local Government
Population: 298,118
Solution: Boards & Commissions
Active Since: 2014
The Challenge
For years, the City Clerk's office managed the City's 24 boards and commissions through several spreadsheets, for everything from tracking which citizens had applied for which boards, to upcoming expirations and filings deadlines, to scheduled ethics trainings for board and commission members.

There also was a separate database used to track applicants and post information to the City's website, which again, was a manual update process performed by City staff.

"We had a big issue with trying to keep track of folks that were interested in more than one board or commission," said Bret Hunter, Assistant City Clerk. "If that happened, there was a ton of manual work and lots of paper involved.

"We were looking to consolidate everything into one spot and only have to update things once."

The Solution
Exhausted with trying to keep track of so much information in multiple places for so many different meeting bodies, the City of Stockton turned to Granicus' Boards and Commissions software in March 2014 to help ease the City Clerk staff's burden.

"We were looking to eliminate all of the paper copies we were making and the manual work it took to keep track of everything," said Eliza Garza, Senior Deputy City Clerk. "If a citizen applied for more than one board or commission, we were printing off multiple copies of their application and filling them in different places and trying to keep track of everything. It was not easy and very time-consuming.

"The software has allowed our process to be more automated, more consistent and more trackable."

The City of Stockton was among the first communities to implement Boards and Commissions, seeing value in core components like:

• Public notice of vacancies
  All vacancies are displayed online automatically as changes are made. No longer did the City need to update a separate database to make information public, and promotion was made even easier through social media buttons and links to apply online.

• Collection of applications
  The City could digital recreate its paper applications and applicants could apply online to multiple boards at any time. Customized email templates are also available to notify applicants of process statuses.

• Qualifying and balancing candidates
  While reviewing candidates, the software gave staff the ability to check off important qualifiers like residency or oath of office requirements. The ability to search across all applications, filter by boards applied to or demographics like ward, gender, ethnicity or political leanings helped create insight into the best candidates.

• Approving and appointing
  The software made it possible to quickly identify candidates, create packets and send them to the approving body. Once a candidate has been approved, pre-identified packets like orientation manuals or welcome letters can be automatically sent.
The Results

The success the City of Stockton has seen since it implemented Boards and Commissions can best be described as "time-saving."

Hunter and Garza report that by consolidating everything into one system, staff have the capability to quickly produce reports — whether internal or for mandatory reporting for California’s Maddy Act or Fair Political Practice Commission — and that the time it takes to train new staff on how to manage boards and commissions has gone down considerably.

And, by extension, Garza believes the citizen experience has improved.

"I have seen an increase in citizen participation in filling out applications," Garza said. "We have more bodies in our database of potential board members, and I think a big part of that is because it’s easier for them to do it — they can apply at home. I've certainly noticed there's been more participation."
ITEM NO: 5.

SUBJECT: Consideration and necessary action on request from Selma Rotary District #5230 to waive fees for the annual Band Festival Parade.

DISCUSSION: The Selma Rotary District #5230 has submitted a request to waive fees associated with the annual Band Festival Parade.

Fees associated with this event include Special Events Permit, Street Closure Permit, Barricade Fees which total approximately $2,600. This does not include any Staff time, Public Works man hours or Police overtime. The information for Public Works is attached. Previous years costs for Police have been in 2013 $552.70 and for 2014 $972.03.

This event will take place on October 31, 2015, and will be the usual route. City Council may consider waiving fees for this event on a year to year basis or an ongoing fee waiver.

ITEM NO: Consideration and Necessary Action on Resolution Initiating Fresno County LAFCO Proceedings for Annexation and Detachment of Territory consisting of the Rockwell Pond Commercial Project and Opting not to Succeed to Williamson Act Contracts Related to that Project.

DISCUSSION: On March 1, 2010, the City Council adopted a series of resolutions including certification of an Environmental Impact Report (EIR), a General Plan Amendment, Zone Change (Prezoning), Specific Plan Change and Site Plan for what is known as the Rockwell Pond Commercial Project located generally North of Floral Avenue and East of Highway 99 within the existing Sphere of Influence of the City of Selma in addition to a resolution initiating proceedings before LAFCO for the annexation of that territory to the City. The Resolution of Application was never submitted to LAFCO because shortly after these resolutions were adopted, Consolidated Irrigation District (CID) filed suit against the City and the developer challenging the adequacy of the EIR for the project. The filing of that type of suit effectively precludes the City from following through on the necessary project approvals and seeking annexation from LAFCO because LAFCO’s approval of the annexation would be subject to being set aside if the EIR were found to be invalid and LAFCO would be brought into the lawsuit in the interim.

The proposed resolution initiating these LAFCO proceedings for annexation of this territory is, in essence, just an updated version of the resolution adopted on March 1, 2010. After March 1, 2010, new laws were enacted which state that a resolution of application must include an election of whether the City will or will not succeed to any Williamson Act contract covering property within the project area. Since that law did not exist in 2010, the resolution of application adopted in 2010 does not include this language. The new proposed resolution initiating LAFCO proceedings does include this language.

Additionally, at the time the City was in the practice of not seeking to detach Consolidate Irrigation District from territory annexed to the City because of the suits CID was filing against the City approved projects. Now, however, the suits have all been dismissed and the City has a Cooperative Agreement with CID that requires that it seek detachment from territory annexed into the City of Selma.

Lastly, LAFCO has indicated the City may annex as part of this proceeding the Rockwell Pond property that the City will own as a result of its agreement with CID, and this is included as territory to be annexed.

Accordingly, the proposed resolution is simply a rewritten version of the resolution previously adopted on March 1, 2010 which corrects the deficiencies in that original resolution created by changes in the law and changes in circumstances following its adoption and adds the City owned Rockwell Pond as territory to be annexed.

RESOLUTION NO. 2015-____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SELMA
INITIATING LAFCO PROCEEDINGS FOR THE DEWOLF/FLORAL
REORGANIZATION/ANNEXATION NO. 2006-0008

WHEREAS, the City of Selma has been requested to process a proposed
reorganization of territory with the short title of Reorganization No. 2006-0008 De-Wolf –
Flora (Rockwell Pond) pursuant to the Cortese-Knox-Hertzberg Local Government
Reorganization Act of 2000, Division 3, commencing with Section 56000 of the
California Government Code (the “Reorganization Act”) for the reorganization. Said
reorganization is proposed to annex territory to the City of Selma and Selma-Kingsburg-
Fowler County Sanitation District and to detach the same from the Fresno County Fire
Protection District, Consolidated Irrigation District, and Kings River Conservation
District; and

WHEREAS, the City adopted Resolution No. 2010-13R on March 1, 2010,
authorizing the initiation of these proceedings for annexation of the portion of territory
sought to be annexed that consists of the Rockwell Pond Commercial Project but the
Resolution of Application was not submitted to the Fresno County Local Agency
Formation Commission (LAFCO) at that time because of a pending suit challenging the
Environmental Impact Report (EIR) for this project, which suit has now been dismissed;
and

WHEREAS, the delay in submission of Resolution 2010-13R and initiation of
these proceedings requires the City to rescind Resolution 2010-13R and to replace that
Resolution with this Resolution which addresses changes in circumstances relating to
the project occurring following the adoption of the aforementioned Resolution 2010-13R;
and

WHEREAS, the territory proposed for reorganization is uninhabited, and on this
day contains four (4) registered voters according to information received from the
County Elections Office; and

WHEREAS, a map and description of the boundaries of the territory consisting of
the Rockwell Pond Commercial Project is set forth in Exhibit ‘A’ and ‘B’ attached hereto
and by this reference incorporated herein, and a map and legal description of the real
property that consists of Rockwell Pond, which is an approximately sixty (60) acre
parcel now owned by the City of Selma is set forth in Exhibit C, attached and
incorporated herein; and

WHEREAS, the reorganization proposal is made for the purpose of providing for
the logical and orderly expansion of the City of Selma. Said expansion is not consistent
with the Selma General Plan in existence when Resolution No. 2010-13R was adopted which designated the area of the territory to be annexed to the City of Selma for Open Space purposes and required an amendment to that General Plan which was duly adopted by the City Council on March 1, 2010; and

WHEREAS, this proposal is consistent with the Sphere of Influence of the City of Selma; and

WHEREAS, the City of Selma has prepared a Plan of Services for the territory demonstrating that all City services are or will be made available to the property; and

WHEREAS, the City of Selma did prepare and the City Council certified Environmental Impact Report No. 2006-0008 for the project, to include Submittal No. 2006-0008; De-Wolf-Floral Reorganization-Annexation (APN 348-191-06s, 07s, 08, 10s, 11s), and the Council further adopted a General Plan Amendment, Zone Change, Specific Plan Change and Site Plan all on March 1, 2010; and

WHEREAS, the City has acquired the Rockwell Pond Property and includes the newly acquired property as part of the territory to be annexed by this resolution of application, all as depicted in Exhibit C attached and incorporated by reference; and

WHEREAS, pursuant to Government Code §51243.5(d) the City of Selma hereby exercises its option not to succeed to the rights, duties and powers of the County of Fresno under any land conservation (Williamson Act) contract relating to the property described and depicted in Exhibits A, B and C attached and incorporated by reference.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Selma as follows:

1. That the foregoing recitals are true and correct and incorporated herein by this reference.

2. That the Resolution initiating proceedings with Fresno County LAFCO adopted March 1, 2010, Resolution No. 2010-13R, is hereby repealed and replaced by this Resolution Initiating Proceedings for Annexation of the aforementioned territory and detachment of the same from the Fresno County Fire Protection District, Consolidated Irrigation District and Kings River Conservation District.

3. That the City of Selma hereby does, initiate proceedings with Fresno County LAFCO to annex the territory described and depicted herein and in Exhibits A, B and C attached and incorporated by reference and authorizes City Staff to execute any and all necessary applications and documents required for or related to said annexation or detachment proceedings.
4. That the City of Selma hereby exercises its option not to succeed to the rights, duties, and powers of the County under any Land Conservation (Williamson Act) Contract [cancel the contract], if any, described herein pursuant to Government Code §51243.5(d).

The foregoing Resolution was duly approved this 21st day of September, 2015 by the following vote, to wit:

AYES: COUNCIL MEMBERS
NOES: COUNCIL MEMBERS
ABSTAIN: COUNCIL MEMBERS
ABSENT: COUNCIL MEMBERS

Selma Fire Continues to provide support to the California fires. On 9-16 E 311 was moved from the Rough fire to the Valley fire up north.

Engineer Owens is providing overhead support at the Rough fire.
Paramedic Rivas / Rossotti continue to provide Fire line support hiking each day with crews at the Rough fire. Every community around us is involved in the efforts. Selma, Sanger, Kingsburg, Tulare, Clovis, Fresno. Along with almost 30 other counties.

POLICE DEPARTMENT
BI-WEEKLY COUNCIL UPDATE
(9/3 – 9/17/15)

Crime Trends

- Current crime data for the last 28-day period indicates a 14% drop in violent crime, despite the tragic invent involving the fatal shooting of a 14-yr old. Robbery, aggravated assault and domestic violence categories all saw reductions. Property crime, however, saw a 22% increase, with 23 more property crimes reported during this period than that of the previous period.

Significant Calls for Service

- 9-3-15. Window-smash occurred at 2904 McCall Shop and Go at about 0033 hours... Officers were on scene contacting a citizen and saw that the front door window of the business had been smashed out... cigarettes and lottery tickets were taken suspect in the video was a male wearing a black sweatshirt with a hood, the hood was up and their face was covered, they also had on gloves...suspect arrived form the south and when they exited the store they went south again from the location ...

- 9-3-15. Officers responded to CITI Bank regarding a reported robbery outside of the bank. The reporting party said 3 male subjects came up to him and told him that they had a weapon and demanded his money. The victim said that he never actually saw a weapon. And the subjects took $120.00 cash from him. He added 2 of the suspects were wearing dark clothing and one was wearing a white t- shirt, all 3 had black bandanas on their faces. The victim said the suspects appeared to be young and left the area in a north east direction toward B of A...

- 9-9-15. Officers were dispatched to the Chevron Station on Pea Soup Blvd. for juveniles involved in a disturbance. SROs stopped the vehicle involved at Taco Bell were 2 passengers fled from the vehicle and identified three others in the vehicle as Sureno gang members who attend Selma High. They had all been involved in assaulting a Bulldog gang member. This incident may be related to the homicide reported on 9-12-15.

- 9-11-15. Armed robbery, Wilkins Drive In. At approximately 10:15pm, employees of Wilkins Drive In called stating that they had been robbed and the suspects were armed with a what appeared to be a black handgun. All 3 suspects were young males and wore covers over their faces. They pushed their way in to the business and demanded money. They were only able to get the tips due to the money being put in the safe. They left with $45.00 cash.
Selma Police Department

Personnel

- One (1) officer and one (1) sergeant remain off work due to industrial injuries. We completed our latest officer recruitment and interviews were held on Thursday, September 17 in the hope of developing a list of qualified candidates to fill future vacancies in the department, including one (1) that is anticipated as a part of a recent grant application in conjunction with the Fresno County Sheriff’s Department. Final background work has been completed on an Emergency Services Dispatch candidate in anticipation of future vacancies.

Special Events

- Preparations are underway for the next event (scheduled for Saturday, October 3rd, 2015 at Friendship Baptist Church) of a series of Police/Community sponsored events as a part of the coalition known as “Bringing Broken Neighborhoods Back to Life.”
- Final preparations are under way for an event on September 19, 2015, in conjunction with the Selma Unified School District. The “Reality Tour,” a fact-based program brought to us by the Fresno County Health Care Collaborative, will bring a drug-use prevention dramatization to Abraham Lincoln Middle school to parents and children 10-18 years old. Approximately 180 pre-registered participants will experience a depiction of the consequences of drug use.

The IncodeX Vier™ raises the stakes when it comes to multi-purpose H.264 HD/SD encoding. This dynamic encoder provides exclusive 1x4 technology (one input/four outputs) with the ability to capture HD/SD digital video or composite analog video with embedded digital audio or analog audio sources. The IncodeX Vier then delivers high quality video/audio that’s optimized for live streaming and video-on-demand streaming. Additionally, the IncodeX Vier has the ability to simultaneously provide a live point-to-point broadcast when coupled with a high quality decoder, as well as create and automatically deliver high quality files to any compatible LEIGHTRONIX broadcast video server.

Four Delivery Methods (Simultaneously)

Simply connect your video/audio source to the IncodeX Vier digital video encoder and use the encoder’s intuitive, administrative browser-based interface to set up the IncodeX Vier to simultaneously encode for:

1. **Live Streaming**
   - Immediately provide viewers with your video programming through the convenience of the Internet.

2. **Video-on-Demand Streaming**
   - Display original video programming that’s available to viewers anytime, from anywhere through a customized video-on-demand website.

3. **Live Point-to-Point Broadcast**
   - Deliver your video stream across a campus, community, country, or around the world in real time to be displayed live. Broadcast live to multiple locations by adding an additional decoder at each endpoint.

4. **Scheduled Broadcast**
   - Automatically deliver files to any compatible LEIGHTRONIX broadcast video server for scheduled playback.

Ms. Rivera:

Studio Spectrum, Inc. is a California corporation, Small Business Enterprise (SBE) established in 1976 with corporate offices located in Burbank, California. This year we celebrate our 38th year of experience in the professional video field. We have provided professional video production, engineering, design and integration services to a large number of municipalities, churches, and school in Southern California. As a direct dealer and reseller of such equipment we are well aware of the latest technologies. As a company with a full television production services division we know from personal experience what equipment will work best for your broadcast production needs.

Our collective skills are well suited for designing the most efficient television production facilities for municipal organizations. Our work extends from simple sound system installation, to AV intensive boardroom installations, to smart classrooms, to the operation of live broadcast or internet streaming infrastructures.

We have extensive experience designing and installing conference room and board room AV systems. Our recent projects include corporate clients such as Johnson & Johnson, educational clients such as Cal State Northridge, and various government municipalities throughout southern California. This range of clientele gives us the experience and perspective to design AV projects with varying budget and scope. Studio Spectrum uses a team based approach to our contracting projects.

Our full time staff includes full time project leads in the areas of consulting, purchasing, programming, and on-site installation. Through the collaboration of a core team that has worked together for over 15 years, we consistently deliver quality results for our customers.
Our firm is interested in being the solution to the Video Streaming/archiving project for the City of Selma.

We certify that the fees, estimates, and expenses proposed by Studio Spectrum, Inc., are valid for 60 business days.

Thank you for reviewing the proposal from Studio Spectrum, and please contact us if you have any questions.

Regards,

Marcos Gomez
